

FINLAND, EX-VICTORIAN, RESCUED IN SASKATCHEWAN

FIVE MEN ESCAPE WHEN LOCAL TUG FOUNDERS

Island Planet Lying In Three Fathoms of Water After Mishap

West Coast Rocks in Sea Otter Cove Claim Victoria Tugboat; Men Have Hurried Escape and Are Now at Hardy Bay; Salvage Boat From Vancouver Dispatched to Scene of Wreck; If Craft Is Not Salvaged New Boat Will Be Built.

Crashing hard against a rock in Sea Otter Cove, just south of Cape Scott, on the West Coast of Vancouver Island, the local tugboat Island Planet, of the Island Tug and Barge Company's fleet, is lying to-day in three fathoms of water and may be a total loss, it was learned in Victoria early this morning by H. B. Elworthy, managing director of the tug company.

Details of the accident are meagre, but it is known that the five men aboard are safe. Those aboard, all Victorians, were William Warren, the captain; Arthur Forrest, mate; C. Hickson, cook and deckhand; W. H. Coulson, engineer, and A. Di Castri, second engineer.

The Island Planet was proceeding from Victoria and Vancouver around the top of Vancouver Island to Coal Harbor, in Quatsino Sound, with machinery and pile driving equipment for the James McDonald Construction Company at the time of the accident, which occurred sometime last night. In Sea Otter Cove, the rope towing the scow became entangled with the propeller, sending the tugboat on to the rocks. It is believed she broke up almost immediately and that the crew made a hurried escape in the lifeboat. The 500 tons of machinery and equipment aboard the scow are safe, Mr. Elworthy was advised, the scow being now anchored in the Cove.

CREW AT HARDY BAY
Capt. Warren and members of his crew are now at Hardy Bay, on the East Coast of the Island. Capt. Warren will return to the scene of the accident aboard the salvage boat Helas No. 2 of the Pacific Salvage Company's Vancouver fleet, which has been dispatched to raise the sunken ship if it is at all possible. The Victoria salvage steamer Salvage King is too large to safely navigate the shallow waters of Sea Otter Cove. The other four members of the crew of the ill-fated tugboat will return to Victoria. Reservations for them have been booked aboard a steamer leaving Hardy Bay on Wednesday night, and they will arrive here Friday.

Mr. Elworthy stated this morning that if the Island Planet is not salvaged, plans will be undertaken immediately to replace her with another boat. She is the second tug of this company's fleet to have met with a serious accident this month. Early in September the Dorothy burned to the water's edge off the Royal Roads. The Island Planet was formerly the Quinlan, and early in the spring was rebuilt at the Point Hope shipyard here. A new engine was installed and in every way the craft was made like a new one. Divers about the Helas will make a survey of the sunken ship and report to the Victoria officials of the company, who will decide what course will be taken.

THREE STATED DROWNED IN RIVER IN B.C.
Search Is Made of Columbia North of Golden; Canoe Upset
Lake Windermere, B.C., Sept. 29.—Three men are believed to have been drowned when their canoe upset in rapid water in the Columbia river north of Golden, B.C.

Walter J. Nixon, guide and game warden of Invermere, received word from the provincial police at Golden that his eldest son, Gordon, twenty-three, a packer, Provincial Land Surveyor Hallam, in charge of a party carrying on topographical survey work, and A. Game, his assistant, were the victims. The canoe upset, the advice stated, and no trace has been found of the three men.

Walter Nixon has left on a 200-mile journey by automobile, canoe and packhorse to aid in the search for his son and others.

WHEAT QUOTA PLAN DEBATED FOR BRITAIN

Conservatives Suggest New System Favoring Canadian and Australian Grain

Russia, United States and Argentine Would Be Barred If Scheme Adopted

Canadian Press
New York, Sept. 29.—The New York Times to-day published the following special cable from London: "Plans for a wheat quota purchasing system, to which Canada and Australia have committed themselves as part of their project for improving Britain's commercial and agricultural situation have been sufficiently worked out by Rt. Hon. Stanley Baldwin's committee of economic experts for the details now to be known."

"There is no comfort in them for the grain growers of the United States, Argentina and other wheat-producing countries. If the Conservatives regain control of the government, they will be able to get parliamentary sanction for their quota system, the foreign countries which now supply about half the wheat used in the United Kingdom will not be permitted to supply more than ten per cent."

IMPORTS STUDIED
"Total wheat imports of that country last year were 5,589,000 tons. The amount grown in England and Wales was 1,281,000 tons. Of the imports, 2,007,000 tons came from the British dominions and 3,582,000 tons from foreign countries. The United States furnished 1,133,297 tons of these imports; Argentina, 2,298,923 tons and all other foreign countries only 199,789 tons."

RUSSIA NOT INCLUDED
"Russia did not figure in the situation last year, as she may intend to do in the future, according to the very disturbing evidence she has furnished recently in the British wheat market, and evidently advocates of the quota plan had not taken that country into account when Right Hon. Neville Chamberlain, chairman of the Conservative party, made the first general statement of the new party policy a week ago. However, if the plan should be adopted and proved workable, Russia, as well as the United States and Argentina, would find wheat crops."

BIG SUM IN CUBA TO END RUN ON BANKS
Havana, Sept. 29.—Members of the Havana Clearing House Association to-day had \$45,000,000 in cash available to protect them from possible runs growing out of the suspension Saturday of two of the capital's largest banks.

To aid the beleaguered institutions, the Federal Reserve Bank of Atlanta yesterday made shipments of \$5,000,000 and \$11,000,000 by airplane and Cuban gunboat, and a third by a secret route, of \$9,000,000. The bank already had available \$20,000,000 in its Havana branch.

GREAT NEW LINER TO TAKE PLACE OF NIAGARA ON RUN
Vancouver, Sept. 29.—Lieut.-Col. James Scherer, pioneer Vancouver railway and business man, who for the last nine years has been C.P.R. General Traffic Agent in Australia and New Zealand, has arrived in this city to spend the next two weeks.

"Great strides have been made since the old days of the Aorangi and Moana," he said, speaking of steamship service to the Antipodes. "And now the Union Steamship Company is letting a contract for a great 25,000-ton vessel, practically as big as the Empress of Japan, to replace the Niagara. She should be in commission before the end of 1932."

FORCED LANDING DEFEATS RECORD FLIGHT

Word was awaited to-day of the plans of Capt. P. H. Matthews, English pilot, who at the week-end was forced to land his plane at Baanmes, Siam. He was attempting to beat Bert Hinkler's fifteen-and-a-half-day England-Australia flight record. It is believed the accident has spoiled his chances of creating a new mark. It was Capt. Matthews who taught Amy Johnson, most famous of British women pilots, to fly.

Decks Cleared For Empire Conference Start Wednesday

Neal Elected Lord Mayor Of London To-day

London, Sept. 29.—William Phene Neal, a solicitor, to-day was elected Lord Mayor of London for the ensuing civic year, which will commence November 9. At the century-old customs were observed at the historic ceremony at the Guildhall, including the sowing of wild herbs on the dais, a survival of a practice in vogue when London suffered from the plague.

THREE MINERS LOSE LIVES IN BIG EXPLOSION
Scranton, Pa., Sept. 29.—Three men were killed and four injured in a gas explosion in Pittston Coal Company mine near Old Forge to-day. The blast occurred in what is known as the Niger vein of the central mine in Avoca.

Four Men Injured in Blast in Coal Pit in Pennsylvania To-day

Scranton, Pa., Sept. 29.—Three men were killed and four injured in a gas explosion in Pittston Coal Company mine near Old Forge to-day. The blast occurred in what is known as the Niger vein of the central mine in Avoca.

TWENTY LOSE LIVES WHEN BIG DAM BREAKS
Alexinatch, Yugoslavia, Sept. 29.—Twenty lives were feared lost to-day as a consequence of bursting of a dam connected with a mine near here. Details were lacking.

NEW APARTMENT ON FAIRFIELD
Victoria Realty Starts Work on \$9,000 Structure

Construction on a four-suite apartment house at 1041 Fairfield Road for A. Carmichael and D. Leeming, has been started by the Victoria Realty Company. Permit for the building was issued by City Building Inspector James Bart to-day.

POLICE HURT IN AN ELECTION FIGHT IN PARIS
Paris, Sept. 29.—Nineteen policemen were injured yesterday evening when they attempted to stop a demonstration in the Communist quarter of Paris after an election for a seat in the Chamber of Deputies, which a Communist won over a Socialist candidate. Ninety-five persons were arrested.

VANCOUVER TO SEEK SHARE FEDERAL AD

City Council Delegation to Visit Premier Here to Discuss Employment Plans

Saskatchewan Asks \$3,000,000 of \$20,000,000 Voted For Unemployment Relief

Canadian Press
Vancouver, Sept. 29.—A delegation from the Vancouver City Council will visit Victoria this week to arrange with Premier Topley for the city's share of Federal assistance toward dealing with the relief and unemployment problem. This was announced to-day by Mayor W. H. Malkin, who said Relief Officer H. C. Cooper would present to the relief committee meeting to-day, detailed information on the possible requirements of the city for the winter season.

TO STATE REQUIREMENTS
The relief officer's report will show the amount of money expended this year on relief, and the amount of money and employment required for the remainder of the winter. The city already is asking about \$100,000 from the Province and Dominion, representing a portion of the amount expended so far this year on relief of unemployment.

SASKATCHEWAN PLANS
Saskatoon, Sask., Sept. 29.—At least \$3,000,000 should be forthcoming for Saskatchewan out of the Dominion's \$20,000,000 unemployment relief fund, Premier J. T. M. Anderson believes. On the basis of a schedule of work to be done and already under way as submitted to Ottawa, this figure will be required to cover the province's needs, he states.

HIGHWAY PLAN
Ottawa, Sept. 29.—The Transcanada Highway through Manitoba will in all probability be undertaken as part of the programme to provide work for the unemployed in the province. The portion remaining uncompleted runs from Whitecourt to the Ontario-Manitoba boundary, a distance of forty-five miles. (Concluded on Page 2)

OVER 18,000 MORE JOBLESS
Federal Figures Show Increase in Unemployment in Dominion

More Than Thousand Join the Ranks of Workless in B.C. in Month
As is often the case in the early autumn there was a slackening of industrial activity throughout the Dominion but the decline in employment this year were greater than those recorded in any other September on record except 1924, according to Federal statistics on employment received at the Parliament Buildings.

The figures show more than 18,000 were added to the ranks of the unemployed during August. Reports from 7,544 firms reporting showed 1,042,441 on the payroll at the beginning of August and 1,023,553 employed at the beginning of September. The index number, based upon the average for the calendar year 1926 as 100, stood at 116.6 compared with 119.8 on August 1. The index number for September, 1929, was 126.8.

The report says employment as reported by employers in British Columbia showed its first decrease since the winter. This took place chiefly in construction, but logging was also slower. While manufacturing, transportation and trade showed improvement. The working force of the 754 firms furnished a decline from 91,085 persons on August 1 to 90,063 at the beginning of September. The contraction involved a rather larger number of workers than that indicated on September 1, 1929, when employment was in greater volume.

NEW LEADER OF NATIONALIST INDIA CONGRESS

The All-India National Congress, the body which follows the principles of Mahatma Gandhi, now has as its president Moulana Abdul Kalam Azad, who was elected as a result of the imprisonment of Vallabhai Patel, former president. The picture above has just arrived here from India.

NEW PENSIONS OFFICERS GO TO OTTAWA

Members of Tribunals Will Discuss Division of the Work Across Canada

One Board to Hear War Veterans in B.C. and Part of Alberta

Canadian Press
Ottawa, Sept. 29.—The men appointed last Friday to the new pensions tribunals to-day are en route to Ottawa for a conference during which their duties and the regions to which they are to be assigned will be thoroughly explained. Lieut.-Col. Thomas Morrison, V.D., chairman of the pensions tribunals, announced that here to-day. While he was able to fix no definite date on which the tribunals would begin to function, Col. Morrison hoped to have everything in shape within the next two weeks. The new pensions act will become effective October 1.

DIVISION OF TERRITORY
The allotment of regions within which the tribunals will operate is receiving close attention. Tentatively Ontario will be served by three such courts. Eastern Ontario, Quebec and the Maritimes will in all likelihood constitute one region. Central Ontario and western Ontario will be a second. A third probably will extend from the head of the Great Lakes and will embrace the greater part of the three prairie provinces, while the fourth tribunal is expected to take in British Columbia and, possibly, part of Alberta. Regionally the largest number of pensioners reside in Ontario.

INFLUENZA IS DELAYING WORLD FLIER'S TRIP
London, Sept. 29.—Major Charles Kingsford Smith, round-the-world flier, will not be able to start his proposed flight to Australia for several days as he is ill with influenza. The Australian airman returned from continental European points recently after an appendicitis operation and removal of his tonsils. A new plane has been chartered at Manchester for his proposed solo flight.

SHIP WITH ONLY PART OF PROPELLER FIGHTS STORM
Vancouver, Sept. 29.—With her propeller badly chipped and her rudder damaged by Arctic ice, the Hudson Bay Company's steamer Baychimo, with Capt. S. Cornwall in charge, arrived here this morning. The officers reported a good voyage. They did a bit of salvage work while in the Western Arctic, pulling the Royal Canadian Mounted Police motor vessel St. Roch and the H. B. Company motor ship Baymado off the beaches at Cambridge Bay, where they were stranded.

Finland To Fly Out of Northern Barren Lands

Former Victorian Found by Searching Planes in Lake Wollaston Region of Northern Saskatchewan, Where His Plane Was Forced Down Nearly Two Weeks Ago; He Stayed With Plane and Indian Companion Started Out on Foot for Help.

FIVE DROWN WHEN FISHING SHIP IS SUNK

Only Captain Saved When Vibeit B. Cut in Two By Steamer

His Wife and Five Sailors Victims of Collision; Search Fails

St. John's, Nfld., Sept. 29.—Five persons were lost when the Grand Banks fishing schooner Vibeit B. was cut in two in a collision with the Bell Island ore carrying steamer Haugaland at midnight, Saturday. The crew were John Peddie, Joseph Brunnett, William Culling and Philip Vincent, all of St. John's, Nfld., and Mrs. P. Shave, wife of the ship's captain. The captain was the lone survivor.

D. GUGGENHEIM DIES AT HOME IN EAST U.S.
Port Washington, N.Y., Sept. 29.—Arrangements were being made to-day for the funeral of the late Daniel Guggenheim, a member of the famous Guggenheim family of mining magnates and widely known as a patron of aeronautics. Mr. Guggenheim died yesterday of heart disease at his estate, Hempsfield House. He was seventy-four years old.

Mining Magnate and Patron of Aviation Succumbs in Seventy-fifth Year
Harold G. Finland was born in Victoria and attended the Boys' Central and Victoria High School. Later he went to the University of Washington, where he graduated as a mining engineer.

DEATH OF MAN FOLLOWED BY INVESTIGATION
Frank Hodson Died of Injuries in Vancouver; William Piercy Before Magistrate

Vancouver, Sept. 29.—One man lost his life and another is held under suspicion of manslaughter following an alleged altercation near Hornby and Hastings Streets here last Saturday evening. A Frank Hodson, truck driver, was killed. William Piercy was remanded for a week on appearance before Magistrate H. C. Shaw in police court this morning.

WM. PETTRIDGE, NOVELIST, DIES
Chislehurst, Eng., Sept. 29.—William Pettridge, novelist, died here to-day. He was author of "A Cleve Wife," "To 630," "Madame Prince," and "Amazons." "Affectionate Regards," his last work, was published in 1929.

SHIP WITH ONLY PART OF PROPELLER FIGHTS STORM
Vancouver, Sept. 29.—With her propeller badly chipped and her rudder damaged by Arctic ice, the Hudson Bay Company's steamer Baychimo, with Capt. S. Cornwall in charge, arrived here this morning. The officers reported a good voyage. They did a bit of salvage work while in the Western Arctic, pulling the Royal Canadian Mounted Police motor vessel St. Roch and the H. B. Company motor ship Baymado off the beaches at Cambridge Bay, where they were stranded.

ELEVEN LOST LIVES IN BIG LAKE STORM

Coastguards Search Lake Michigan For Six Bodies From Small Fruit Craft

Grand Haven, Mich., Sept. 29.—Coastguards from stations of the eastern shore of Lake Michigan were searching Grand Haven and Ludington today for bodies of Captain Edwin J. Anderson, twenty-four-year-old skipper of the fruit packet North Shore, his eighteen-year-old bride of two weeks and four sailors who went down with the sixty-foot craft during last Friday's gale.

Captain W. E. Preston of the Grand Haven coastguard station and his crew returned yesterday morning from a search of the lake and reported finding part of the bulkhead of the North Shore. Captain Preston said the fruit packet sank about thirty miles off Racine, Wis. He did not believe there was a chance any of the six persons on board survived the storm Friday afternoon and night.

Captain and Mrs. Anderson were from Washington Island, Wis. Members of the crew were Joseph Tekus, Oudaky, Wis.; Roy Richer, Washington Island; Arthur Peters, Grand Haven; and John Johnson, Two Rivers, Wis.

Other ships lost in the storm were the schooner Our Son, last commercial vessel of the Great Lakes, and the barge Salvor, which sank off Muskegon with the loss of five lives out of a crew of fourteen. Three sailors clung to the derrick of the Salvor through the night. Two were saved, but the third was dead before help arrived. The body of Clifford Lane, who died during Friday night from exposure, was recovered from the wreck yesterday by coastguards. The crew of the Our Son were taken off safely by the freighter William Nelson.

Business Women Aid Relief Fund With Silver Tea

Philanthropy was happily combined with pleasure on Saturday afternoon when the Silver Tea of the Victoria Business and Professional Women's Club entertained at a silver tea, thereby raising about \$65 for the Blakely miners' relief fund.

The affair was held in the New Thought Hall, Post Street, and Mrs. F. H. Hinchliffe represented Mrs. Tolmie who was unable to attend.

Miss Alma Russell, chairman of the Silver Tea, acted as general convener, and others associated with her in the undertaking were: Mrs. A. H. Spurr, Mrs. Darling, Miss Foxall, Miss Muriel Blyth, Miss Bessie Richards, Miss Lottie Bowron, Miss Elsie Richardson and Mrs. E. H. White, all of whom took part in the glee singing. Mrs. E. H. White had charge of the tea arrangements and was assisted by Misses Mackie, Grant, Woodcock, Fraser, Robertson and Prada Blyth. Miss Bowron, Miss Richards, and Miss Blyth decorated the tea tables, which were very attractive with dahlias, chrysanthemums, Michaelmas daisies and other autumn flowers.

The first number of the programme was a song, "Stars of the Summer Night," by the Glee Club; Mrs. L. C. C. Wain, Mrs. H. H. Spurr, Mrs. C. C. Wain, Mrs. A. H. Spurr sang several charming solos; Miss B. Richards and Mrs. D. Darling contributed pleasing solo numbers and Miss Phyllis Addison delighted the guests with her dancing. Miss M. Blyth sang the solo in the Glee Club's final number, "The Ash Grove."

The club was grateful to Mrs. C. C. Wain, Mrs. Kenworthy and Miss Addison, who gave their services. The musical programme was arranged by Miss Richardson.

D. GUGGENHEIM DIES AT HOME IN EAST U.S.

(Continued from Page 1)

IN LIST OF LEADERS
As head of the Guggenheim copper and smelting interests, he was named by James W. Gerard in his recent list of "Rulers of America."

He frequently expressed his belief in the right of workers to unionize, declaring unionism helped the workers in their disputes with capital when capital became arbitrary.

HOLDINGS IN CANADA

Vancouver, Sept. 29.—The death of Daniel Guggenheim, founder of the American Smelting and Refining Company, at his home at Fort Washington, L.I., yesterday, is of interest to the people of western Canada. The American Smelting and Refining Company holds the controlling interest in the famous Premier Mine, in the Fortland Canal district, which has paid out approximately \$25,000,000 in dividends during the last ten years.

With the Premier Mine, the Guggenheim interests secured control of numerous other properties in the Fortland Canal district, including the Prosperity Group, the Cascade Falls and Silverado Group, and recently secured an option on the Planet Reduction Company of Nevada.

In addition large interests in the Yukon are held by the Guggenheim interests.

In addition the company has carried on repeated negotiations for the acquisition of the Selkirk Gold Mining and Finance Company, but no agreement has been reached, although negotiations are reported to be still under way.

Daniel Guggenheim was the guiding genius in the creation of some of the largest enterprises in the history of the United States. Important among these was the American Smelting and Refining Company, one of the world's largest producers of metals.

After many active years, Mr. Guggenheim gradually withdrew from business until he had no official connection with it, having transferred most of his responsibilities to his son, Harry F. Guggenheim.

During his active business career, Mr. Guggenheim gave much in philanthropy. After his retirement he devoted himself to dispensing generously his wealth in that direction, as well as in the promotion of aeronautics.

The culmination of his philanthropic activities was the formation in January, 1924, of the Daniel and Elsie Guggenheim Foundation created by himself, his wife and their children. The foundation was heavily endowed, and its charter stated its purpose as "the promotion, through charitable and benevolent activities, of the well-being of mankind throughout the world."

WENT QUIETLY HOME
The red, yellow and purple Republican colors were prominently displayed. Ominously, yet unused, muzzles of machine guns pointed from vantage places commanding the crowd.

Civil guards and police watched over the assembly, but were not called upon for more than ordinary police duty. When the meeting was over the crowd dispersed without incident.

Alejandro Lerroux, leader of the radical wing of the Republican Party, said King Alfonso should be advised the solution "lies entirely within the king's hands, and he alone can prevent a tragedy."

Aleja Samors, representing the Liberal Republicans, said "the king should take account of the present conditions, abdicating before blood stains his history."

Hard Work To Bring Prosperity

Windsor, Ont., Sept. 29.—Hard work and plenty of it was offered as an antidote to depression by Sir John Aird, president of the Canadian Bankers' Association, who stopped in Windsor yesterday en route to Cleveland, Ohio, to attend a meeting of the American Bankers' Association.

"We have scraped the bottom and better times are coming," Sir John declared.

In several previous depressions, he said, there had been a shortage of money, but to-day the New York bankers had plenty of money and loans were being made at very low rates.

VANCOUVER STOREKEEPER'S ATTACK ROUTS TWO BANDITS

counter and ordered a package of cigarettes.

Giving the supposed purchaser the cigarettes, he received a bill payment and a second later looked down the barrel of a revolver.

The man at the door also drew a gun.

ACTS QUICKLY
Before the command to "stick 'em up" could be given, Gough had reached for a hand-axe nearby and let it fly at the man closest to him.

The bandit ducked, but was not agile enough to escape a stool that followed the hand-axe.

The stool caught the bandit on the shoulder and dropped him.

He scrambled to his feet, however, and managed to escape with his companion.

Both jumped into their auto, parked outside, and drove rapidly away.

ESCAPE IN CAR
After one of the duo had escaped injury if not death by the few inches which separated him from a hurtling hand-axe only to run into a flying stool, the thugs staged an undignified retreat, making a successful getaway in a car they had parked outside.

The police followed the two men entered the store, one standing by the door while the other came to the counter.

WOULD FORM COMMISSION
The Conservatives would put their plans into effect by having Parliament create a statutory commission charged with fixing the quota. This probably would be done each September, when after determining the country's needs in wheat a year in advance, the commission would arbitrarily determine where the wheat was to come from and the tariff makers would be bound to promise future economic benefits to America.

GO TO OTTAWA

This probably would be done each September, when after determining the country's needs in wheat a year in advance, the commission would arbitrarily determine where the wheat was to come from and the tariff makers would be bound to promise future economic benefits to America.

DECKS CLEARED FOR EMPIRE CONFERENCE TO START WEDNESDAY

(Continued from Page 1)

By Thomas T. Champion, Canadian Press Staff Correspondent
London, Sept. 29.—It is one thing solemnly to declare oneself a grown man, but quite another when it comes to bearing the burden of the responsibility, said the Week-End Review, one of the youngest of London's periodicals, in commenting on the approach of the Empire Conference.

The review pointed out that the Empire Conference of 1926, which was held in London, was a landmark in the history of the Empire. It was the first time that representatives of all the Dominions and India had met together to discuss the future of the Empire.

The review pointed out that the Empire Conference of 1926, which was held in London, was a landmark in the history of the Empire. It was the first time that representatives of all the Dominions and India had met together to discuss the future of the Empire.

SYSTEM ADOPTED
A large number of pensioners claims await the tribunals. As the new system will function, all claims will be as before, to the Board of Pensions and the tribunals which have been set up to deal with them.

This board has power to approve pensions, but has no power of rejection. Those which it would ordinarily reject will be turned over to the tribunals in the district where the men reside, and the applicants will have the opportunity of presenting their cases. These may be heard either publicly or in camera, as the claimant chooses.

AGE OF PENSIONERS
Of the Great War pensioners in Canada it is interesting to note that the oldest veteran is eighty-eight years of age. Another is eighty-seven, two are eighty-five, one eighty-three, one eighty-two and four eighty-one. From the pensioners' decade year, by year to twenty-eight. The average age of the pensioners is forty-three.

BIG SUM GIVEN FOR SOCIAL WORK IN GREAT BRITAIN

London, Sept. 29.—Means of applying a "pension fund" to be spent for social and educational work in Great Britain, which has been presented by Edward S. Harkness, noted United States philanthropist, are being studied by the fund trustees.

The official announcement does not state the amount, but the press has reported it as being about \$2,000,000 (\$10,000,000).

Mr. Harkness, former Premier, is head of the board. A meeting will be held early in October to determine what policy will be followed in applying the fund. The trustees will have to consider the opinion of Thomas Jones, former deputy secretary of the cabinet, who recently returned from the United States, where he looked into methods followed by similar trusts there.

WHEAT QUOTA PLAN DEBATED FOR BRITAIN

(Continued from Page 1)

Practically barred from the Liverpool London grain markets.
"As far as the result of keeping out foreign grain is concerned, it is difficult for a layman to see any real difference between a prohibitive tariff on wheat, and a quota system as advocated by the Conservatives, and the government's proposed import boards, for while advocating the quota as a means of helping the British farmers and increasing trade with the dominions, the government could still declare it would never consent to put a tariff on food bulk purchases of grain which some members of the present Labour government have been advocating."

The experts who worked out the details of the plan would drastically reduce last year's import statistics, given above. They would change the present system gradually to give the British farmers an opportunity to get their land back to wheat growing, but the goal which it is hoped to reach three or four years hence would be to have twenty-five per cent of the wheat consumed in the British Isles grown in England and Wales.

GREATER CANADIAN IMPORTS
Sixty-six per cent would come from Canada and Australia, leaving a balance of nine per cent to be provided by imports from foreign countries to keep alive the fiction of free trade in food.

"It is significant the only foreign country specifically mentioned as a future beneficiary of the new system is Argentina. With all her present trade relations with that country and

MUNICIPALITIES CONVENTION TO OPEN OCT. 8

New Westminster, Sept. 29.—Hon. J. W. Jones, Speaker of the Legislature, will open the twenty-seventh annual convention of the Union of B.C. Municipalities at Kelowna, Wednesday, October 8, according to the convention programme issued to-day by Mayor A. W. Gray, secretary of the union.

GOOD ROADS LEAGUE
Several prominent speakers have been chosen to address the fourteenth convention of the Good Roads League of B.C., which will be held the day previous to the opening of the U.B.C.M. convention.

S. McDermid, city engineer of Trail, will speak on "City Street Improvements." Patrick Philip, Deputy Minister of Public Works of the province, will speak on "The Maintenance of British Columbia Highways," while S. L. Squire, Toronto, executive chairman of the Canadian Good Roads Association, will give an address on "Co-operation."

WOULD FORM COMMISSION
The Conservatives would put their plans into effect by having Parliament create a statutory commission charged with fixing the quota. This probably would be done each September, when after determining the country's needs in wheat a year in advance, the commission would arbitrarily determine where the wheat was to come from and the tariff makers would be bound to promise future economic benefits to America.

GO TO OTTAWA
The Conservatives would put their plans into effect by having Parliament create a statutory commission charged with fixing the quota. This probably would be done each September, when after determining the country's needs in wheat a year in advance, the commission would arbitrarily determine where the wheat was to come from and the tariff makers would be bound to promise future economic benefits to America.

VANCOUVER TO SEEK SHARE OF FEDERAL AID

(Continued from Page 1)

This matter, with a number of proposals, was before a further conference early this afternoon between representatives of the Federal Government, Premier John Bracken and Hon. W. R. Webb of Winnipeg. It was decided the Manitoba delegations should again confer among themselves later this afternoon and present a definite plan for public works and undertakings for the relief of unemployment at a meeting in the office of the Federal Minister of Labor, Senator G. D. Robertson, tomorrow morning.

SUBWAY WORK
It is possible that any arrangements made in respect to subways will have to be completed through the Dominion Board of Railway Commissioners. The board is now considering a proposal to construct a subway from the city hall to the waterfront, which the government proposes to augment to the extent of \$1,000,000 out of the \$20,000,000 unemployment relief measure passed at the last session of parliament.

Construction of a highway from Birch River through Melfort to The Pas, the estimated cost of which is \$800,000, was mentioned at this afternoon's Dominion-provincial meeting. A suggestion was made by the provincial government that the federal government might contribute toward such a project on a fifty-fifty basis. That \$175,000 should be expended on this work this winter, of which the Dominion would contribute one-half of the unemployment money available. Nothing definite was decided on this new proposal.

GIRL AND TAXI DRIVER FOUND MURDERED

Stockton, Cal., Sept. 29.—Believed to have been the victims of a bandit, an unidentified girl of about eighteen years and an L. L. Morris, forty-six, driver of a four-horse automobile, were found dead in an open field on West Anderson Street here this morning. The bodies showed evidences of brutal attacks and officers are convinced there was a terrific fight before the couple were slain.

GEORGE H. BLAIR, VANCOUVER, DIES

Vancouver, Sept. 29.—George Hood Blair, retired superintendent of Mount Pleasant Cemetery and a resident of Vancouver forty-four years, died this morning at his home of a brief illness. He was aged sixty-five.

In the early days Mr. Blair was a member of the volunteer fire department and was employed for many years by the C.P.R. when the railway was being constructed through the Crow's Nest Pass and participated in the Ashcroft run in the spring of 1888. He was born in Ontario.

He is survived by one son, George A. Blair, at home.

Denmark Salutes Remains of Andree North Pole Party

Copenhagen, Denmark, Sept. 29.—Remains of Salomon August Andree and his two companions in the unsuccessful attempt to cross the North Pole in a balloon in 1897, arrived to-day at Elsinore, Denmark, aboard the Swedish gunboat Svenhuden. The ship was met by two Danish fisher guardships on which were the Premier and Minister of Defence.

The guardships will escort the gunboat to the Ore Sound and a squadron of aircraft will fly overhead during the trip through the channel. A salute will be fired by Kronberg Fort.

BLIZZARD IN NORTH MANITOBA

The Pas, Man., Sept. 29.—After most of the practice had been their first full snow a week ago, north country residents chilled to the first blizzard over the week-end. Prospectors are hurrying home over the last open road to Graveland in view of the aged people and strappers are outfitting for the winter.

FALL ASSESSES AT NANAIMO TO OPEN TUESDAY

Deposits Near Wilberforce, Haliburton County, Thought Enough to Supply Canada

Toronto, Sept. 29.—Belief there are deposits of radium ore near Wilberforce in Haliburton County, Ont., capable of supplying the needs of Canada, and possibly of the whole Empire, is expressed by Dr. G. E. Richards, head of the enlarged X-ray department of the Toronto General Hospital. Dr. Richards is director of a company interested in the project.

He asserted to-day that investigations over a period of three or four years had uncovered an apparently extensive deposit which averaged 180 milligrammes of radium per ton of ore and a higher average than in the radium-bearing ore of the Belgian Congo, at present the world's chief source of supply.

FIVE CASES IN ASSIZE COURT AT VANCOUVER

Vancouver, Sept. 29.—Five cases were submitted to the grand jury by Chief Justice Morrison at the opening of the fall assizes here to-day.

Forty-eight petit juries were in attendance and were excused until Tuesday morning, when the first trial is scheduled to commence. It will be a charge of having narcotic drugs in possession against Chin Foy Lim, who had there been a true bill returned to the indictment.

Jonathan Rogers was chosen foreman of the grand jury.

There are thirty-one cases on the docket. The accused number thirty-seven. C. M. O'Brien, K.C., is prosecuting counsel.

I JUST WANT TO SAY THIS SARGON IS WONDERFUL

"My Friends Know That When Jack Moffitt Says Anything He Means It"

"My friends know that when Jack Moffitt says anything he means it—and I want to say that Sargon is a wonderful man. I have known him as long as I live for what it is."

MRS. BRUCE, SOLO AVIATRIX, CROSSES BALKANS

Belgrade, Yugoslavia, Sept. 29.—Mrs. Victor Bruce, British woman aviator, who is attempting to fly around the world by way of Constantinople and Tokyo, arrived here to-day and was again shortly. She said she hoped to reach Tokyo within a fortnight.

She plans to take a steamer from here to South Africa and then embark for South Africa by ship and fly to Dakar, Morocco and Gibraltar. She plans to terminate her flight in London.

John Moffitt

for me" is a statement recently made by John Moffitt, well-known retired man, who lives at 233 Abbott Street.

"I am 78 years old, have lived in Vancouver for 35 years; for 40 years I railroaded on the Grand Trunk and Canadian Pacific Lines and retired tired 15 years ago. I had been a mighty healthy man all my life up to 12 years ago, and then my health began to go. I mean right after my trouble got a grip on me and I became so sluggish and rundown with toxic poisons that one ailment followed another right along. Four months ago I was taken with attacks of some sort of "bladder stoppage" that gave me the worst pains I ever suffered with in all my life. Indigestion, dizzy spells and headaches began to torture me; my muscles would get all "knotted up" with pain, and pains in my side hurt so at times I could hardly straighten up. My liver was out of order and I was bilious and "no account" generally.

"I may be 75 years old but that didn't make a bit of difference to Sargon. It meant right after my trouble and knocked every last one of them sky-high. Every pain in my whole body has disappeared and my bladder works like a clock. Every sign of stomach trouble and indigestion is over; I sleep like a healthy boy and feel like a new man from head to toe."

"Sargon Pills are the finest laxative I ever took. They conquered my constipation, toned up my liver and sweetened my system clean of poisons as easy and natural as nature itself. I can't say too much for the Sargon treatment."

The Sargon man is at the Owl Drug Store, corner of Fort and Douglas Streets, where he is meeting the public and explaining the merits of this celebrated new scientific product.

It is a fact that Sargon Pills are sold in every city in the world. In Victoria, an Vancouver from Owl Drug Stores; in New Westminster from the Sews Drug Company; in Esquimalt from Fraser's Drug Store; in Oak Bay from Charles Hudson. (Adv.)

APPEAL MADE TO GOVERNOR FOR NORTHCOTT

San Quentin, Cal., Sept. 29.—Gordon Stewart Northcott, wineville rancher, sentenced to be hanged next Thursday for the murder of four boys, yesterday decided he wanted Rev. Larry Newgent, southern California evangelist, to be his spiritual adviser.

Saturday Northcott said he wanted to accept the sacramental rites of the Roman Catholic Church, and Rev. Father W. Walsh of St. Rafael's Church, San Rafael, to attend him. The decision yesterday followed a visit from the evangelist.

Meanwhile at Vallejo, his father, Cyrus Northcott, was preparing a written appeal to Governor C. C. Young. The appeal set forth that Northcott acted as his own attorney and was handicapped by lack of knowledge of law, no motive had been established for the crimes for which he was convicted, insurance companies had not been forced to pay for the deaths of two of the boys whom Northcott was accused of slaying because of lack of evidence of their deaths, and the judge failed to instruct the jury it might find him guilty of second degree murder or manslaughter or recommend life imprisonment, the verdict was rendered on the ground Northcott must be found guilty and hanged or freed.

Northcott yesterday seemed more calm than he had been for several weeks. Referring to the written appeal to the Governor, Northcott told his father: "If you do that, it is all that can be done."

The first settlement made in Arkansas was by the French, at Arkansas Post in 1680.

U.S. TARIFF BOOST BRINGS RETALIATION

Eleven Countries Have Taken Steps or Made Threats

Washington, Sept. 29.—Eleven countries have taken retaliatory measures or made threats or retaliation against the United States tariff, a report published by the Foreign Policy Association shows.

"The mutual importance of friendly trade relations between the United States and Canada is indicated by the fact that in recent years Canada has been the leading foreign market for United States goods," says report. "In 1929 American exports to Canada totaled about \$950,000,000, while American imports from that country exceeded \$500,000,000."

Since passage of the Hawley-Smoot tariff measure, Canada, Australia and New Zealand together with Cuba and Spain have made extensive revisions, the report says, while France, Italy, Switzerland, Mexico, Uruguay and Argentina have increased individual duties or threatened to do so.

HAVE GREATEST INFLUENCE
Measures most seriously affecting exports from the United States are cited in the report as follows:
Canada—General revision of May 28. (The later revision made by Parliament on the initiative of Premier R. B. Bennett came about afterward.)

Australia—General revision of April 4, supplemented by that of June 20, wherein, while there was no apparent discrimination against the United States, duties were raised on a large number of United States products.

New Zealand—Tariff revision of July increasing duties on a long list of imports and increasing the British preference on 158 items. The United States is affected more seriously than any other country.

France—Increase in automobile duties of nearly fifty per cent. French trade associations have demanded termination of the most favored nation agreement with the United States.

Italy—Increase in automobile duties ranging from 100 to 167 per cent. Threats of reprisals against the United States have been made by trade groups. Argentina—Appointment of a committee to draw up a new tariff. Threats have been made by trade associations and Chambers of Commerce.

The report admits many factors have entered into the revision of tariff rates by the countries concerned, but asserts that in the majority of cases increases have been made by those countries most seriously affected by the Hawley-Smoot tariff. An analysis, the report says, shows that more than half the value of the leading imports from seven countries are affected by the increase in the United States tariff.

U.S. RUSHES GOLD BY AIR TO STOP HAVANA BANK RUN

Havana, Sept. 29.—A sum estimated at from \$35,000,000 to \$50,000,000 rushed by airplane and fast boat from the United States, will be on hand here today as security against possible continuance of the run on Havana banks that followed the unexpected shutdown of two of their number Saturday.

Part of the money was taken to Miami, Fla., by special train from the Atlanta Federal Reserve Bank. In order to get it early into Calle Aguilar, Havana's Wall Street, speedy forms of modern transportation were called upon.

Pan-American Airways reported tonight to coiffers brought here by airplane and hurried to the local Federal Reserve branch under military guard, contained \$20,000,000.

Other sources said the shipment was about \$30,000,000.

Meanwhile the Cuban gunboat Cuba, dispatched last night to Key West, Fla., was reported to have arrived there and landed the money on board the sum of \$30,000,000.

The Cuban consulate at Key West had the money quickly transferred from train to ship, and the warship started back to Havana under full steam.

CREW OF R-100 HOLD DINNER TO CELEBRATE FLIGHT

Bradford, Eng., Sept. 29.—The crew of the dirigible R100, with several passengers who made the transatlantic trip, held a private dinner here last evening in celebration of the success of the flight. Sir Dennistoun Burney, designer of the great airship, was among those present.

As the dinner sat down there was flying from the head table a naval pay-off pennant, signifying the R100 was going out of commission and, with her crew, was being paid off. This does not mean, however, that the ship is being discharged. They are merely returning to the lower rates of pay they receive when their vessel is not flying.

The R100 will be taken from her present shed at the earliest opportunity to replace the R101 in the construction shed at Cardington. There the damage the R100 sustained at her last month, when the fuel tank broke loose, will be repaired.

In the meantime the question of lengthening the R100 by the addition of another bay, as was done with the R101, will be considered.

AGED MAN LOSES LIFE

Helena, Mont., Sept. 29.—Covered by dirt and rocks in a cave-in at a mine twenty miles southwest of here, Olin Rindahl, seventy, veteran miner, was smothered to death yesterday. The accident was not immediately discovered, and life was extinct before a rescue could be made.

MOTORIST LOSES LIFE

Deloraine, Man., Sept. 29.—Ernest R. Edwards, twenty-nine, of Winnipeg, was killed instantly when his automobile left a highway a few miles north of here Saturday evening. Edwards was pinned in the door when the car plunged into the ditch and turned over. His companion, Miss Isabelle Robertson of Deloraine, was not injured.

The first automobile constructed by Cugnot, in 1769, is still on view in the Paris Museum.

Vancouver Island News

Ladysmith

Ladysmith, Sept. 29.—Friends here will be sorry to hear of the death, which occurred in Vancouver on Friday, of Mrs. Elizabeth Park Glen, for many years a resident of Ladysmith. The late Mrs. Glen was a native of Scotland, aged seventy-two years. She leaves to mourn her loss her husband and two daughters, Mrs. H. D. Allan of Vancouver, and Mrs. D. Forrester of Yellow Point. The funeral took place in Vancouver to-day.

Mr. and Mrs. E. D. Comley and son, Arthur, spent the week-end with relatives in Victoria. They were accompanied home by their daughter, Miss Mildred Comley, who has been spending the past week there.

A Verchere has left for Portland, Oregon, where he will resume his studies at the Dental College in that city.

Mrs. H. Yeoward of Victoria has taken up her residence here. Mrs. A. Sharpe spent the week-end with her daughter, Elizabeth, in Victoria.

Lake Cowichan

Thomas Service has returned to the Lake and has taken up work with the Dominion Government Fish Hatchery here.

Cecil and Bruce McMurtrie have resumed work with the Cowichan Lake Logging Company at Nixon Creek.

Harold Simpson, of Victoria, spent a few days here visiting Mr. and Mrs. E. S. Lomas and Miss Gladys Lomas.

Billy McDonald of Victoria has returned to the Lake to resume his work with the McDonald-Murphy Logging Company.

Mrs. Wm. Grossie entertained with five tables of bridge at her home on Riverside Drive on Monday.

After refreshments had been served, the prizes were presented to the winners as follows: 1. Mrs. E. S. Lomas; 2. Mrs. B. Miller; 3. Mrs. F. Plummer; consolation, Mrs. S. Alexander.

A meeting was held at Mrs. E. Hemmings' residence on Tuesday afternoon to renew the weekly Bridge Club games. It was decided to meet at the various members' residences every Thursday afternoon, during the winter season.

At this meeting a game of bridge was played, the prize being won by Mrs. G. K. Gillespie.

Alberni

Alberni, Sept. 29.—A jolly crowd attended the dance held in Clarke's Hall on Friday evening under the auspices of the Alberni Tennis Club. Red and white, the club colors, emphasized the color scheme with large baskets of late summer blooms, interspersed with red and green autumn leaves were arranged around the hall. Doug. Mason's orchestra of Nanaimo supplied the dance music. Among those present were Capt. and Mrs. H. T. Hodgson, Mr. and Mrs. W. A. Ackland, Rev. and Mrs. Porter, Mr. and Mrs. K. Gill, Mr. and Mrs. Arnold McLean, Mr. and Mrs. E. Couillard, Mr. and Mrs. J. P. Perry, Mr. and Mrs. Dawson Turner, Mr. and Mrs. Harry Carter, Mr. and Mrs. Arthur North, Mr. and Mrs. L. A. Hanna, Mr. and Mrs. Roy Hanna, Mr. and Mrs. Roy Hill, Mr. and Mrs. V. Tingey, Mrs. A. G. Freeze, Mrs. S. W. Walter, and the Misses Etela Howitt, Peggy Frost, Dot Mann, Effie Redford, Doris Cox, Neil, Anne and Honey Burke, Jessie Rust, Agnes and Hattie Forrest, Isobel Freeze, Barbara Holcomb, Effie Miller, Nan McCharrigan, Helen McDonald, Emma Hanson, Lucy and Eva Clegg, Dorothy Proctor, Ina Erickson, Betty Hilton, Mildred Bell, Miss Plummer, Marjorie and Agnes McLean, Miss Ketchum, Elva McLean, Marjorie Brown, Gertrude Hillas, Margaret McNiff, Jean Wilkinson, Dora Hillas, Vic Hanney, Ella and Lily Herlihan, Agnes Clarkson, Elaine Smith, Alice Hoff, Mary Wirtanen, Alice Anderson, Iris Beck, Frances Dopson, Mary Young, Fred Manning, Gordon Hill, Dick Burke, Jack Bedford, Elmer Glaspele, Bud Frost, C. Watson, M. McCarthy, Dave Galliford, Ernie McDonald, Eric Dunn, Russel Turner, W. Flynn, Harry Barryman, W. Paul, E. Johnson, Charlie Galliford, W. Somers, D. Dootson, Frank Clegg, Charlie Gifford, R. Smith, Tom Kelly, Earl McNaughton, H. Frost, Cliff Rust, M. Tebb, Bob Coffin, Joe Prior, A. Thomson, Jack Bigmore, Joe McCranor, J. Guellette, Bob Symons, M. McGregor, W. Beck, Ian Motion, Bob Seale, Bill Littleton, Walter Tustin, Mr. and Mrs. J. Coles, Mrs. S. Cozma, Mrs. R. Smith, Mrs. K. Bennett, Miss Pat Bennett, Miss Lillian Nicholas and others.

Miss Rene Madam left on Friday where she will spend the next ten days visiting at Vancouver.

Miss Rene Marshall of Chemainus is visiting, as the guest of Capt. and Mrs. H. T. Hodgson.

Mrs. James R. Motion is visiting at Vancouver.

Mr. and Mrs. Alec Sibbald have returned to their home in Victoria after visiting Mrs. A. Rochester.

P. S. Kidd of Victoria was a visitor in town during the week.

James Wilkinson has returned home after spending the summer months at Estevan Point.

Norban Barwise has returned to his home in Vancouver after visiting his sister, Mrs. T. A. Brown, at Great Central.

Miss Agnes Forres was a bridge hostess on Thursday evening at her home when she entertained in honor of Janet Watson, who is leaving at the end of the month to take up her residence at South Wellington. Prize winners at bridge were Mrs. Roy Hill and Miss Annie Croll. Others present were Mrs. W. C. Anderson, Mrs. Roy Hill, Mrs. W. Evans, Mrs. James Forrest, and the Misses Nell Burke, Margaret Redford, Stella and Annie Croll, Violet Paterson, Dora Cox, Jean Wilkinson, Brenda Smith, Anne Prescott, Kathleen Munday, Etta Bedford and Janet Watson.

Mrs. Walter Deaville of Calgary is visiting as the guest of Mr. and Mrs. Harry Williamson.

MOTORIST LOSES LIFE

Deloraine, Man., Sept. 29.—Ernest R. Edwards, twenty-nine, of Winnipeg, was killed instantly when his automobile left a highway a few miles north of here Saturday evening. Edwards was pinned in the door when the car plunged into the ditch and turned over. His companion, Miss Isabelle Robertson of Deloraine, was not injured.

The first automobile constructed by Cugnot, in 1769, is still on view in the Paris Museum.

REALITIES FOR MR. HOOVER

HOW THE VICIOUS CIRCLE OF THE tariff operates upon a nation's business is revealed in the report of the Foreign Policy Association of the United States and emphasized by a speech which Representative John Garner of Texas delivered at Washington the other day. The former shows that so far eleven countries have taken retaliatory measures or made threats of retaliation against the republic, while the latter declared that the value of United States exports for the first seven months of this year had dropped by more than \$670,000,000, indicating that by the year's end the deficit would be about \$1,000,000,000.

One billion dollars' worth of sales may not seem a great deal for such a wealthy country as the United States to lose. But when it is considered that it represents very nearly one-fifth of the value of the republic's exports for 1929, or considerably more than one-fifth of the preceding year's sales, it is small wonder that some of the country's economists—not to mention politicians hostile to the present administration—are becoming alarmed. The report of the Foreign Policy Association, incidentally, lays particular stress upon "the mutual importance of friendly trade relations between the United States and Canada," as indicated "by the fact that in recent years Canada has been the leading foreign market for United States goods." The new Canadian tariff bill, of course, had not been passed when this report was drawn up; but Representative Garner obviously had it in mind when he delivered his speech.

Whatever may be the economic recuperative power of the United States, with its enormous wealth and its 122,000,000 people, the loss of a billion dollars' worth of trade this year will not be much consolation to the administration, and the reaction from this prospect is likely to be felt at the congressional elections in November. Policies which have resulted in a decrease of business are not likely to be very popular with a public that constantly is obliged to recognize the fact that the country still is facing an acute unemployment problem. Yet there are many whose nostrum is high tariff and more work.

THE FOREST FIRE ACCOUNTING

DESPITE FIRE-PROTECTION, ADMONITIONS by public officials and warnings in the newspapers, the loss from forest fires in British Columbia for the season just closed amounts to practically the same as it did in 1929—\$1,000,000.

Something more than a quarter of a billion feet of timber has gone up in smoke this year, while the number of outbreaks, instead of showing a decrease, actually showed an increase, 2,219 this year, compared with 2,011 in 1929.

As it has been shown in former years that most of our forest fires are caused by sheer carelessness, it would appear that many people still display little regard for the safety of their forest property.

There is nothing governments can do about this situation that they have not already done. All they can do is to appeal, and continue to appeal, for the co-operation of the public.

If those who are careless with fire in any form while out of doors would remember that they could save valuable timber by observing the rules they ordinarily employ in their own homes, there would not be this great annual loss.

THE WAY OF BUSINESS

ALTHOUGH THE PROSPECTS OF British Columbia increasing its timber business with Great Britain during the next twelve months may not have been very bright, due to various conditions to which reference frequently has been made, the announcement from London that the Central Softwood Buying Corporation—a British concern—has just completed an agreement with the Soviets' exporting organization whereby it will take over all Russian timber shipments for next year and also the balance unsold this year, would appear to put another damper on them.

There is a tendency in some quarters to blame governments for permitting business with Soviet Russia. It is not a sound form of complaint. If governments were to begin to interfere with the normal flow of trade and follow it to a point where instruction would be given to merchants how they might buy or sell, the economic structure of the world soon would totter, and commercial and social chaos would be the principal crop. There is very little sentiment in modern business. Our lumbermen will sell in the British and other markets only if they meet the price and quality of their competitors, and give the purchaser exactly what he wants.

OUR NATIONAL WEALTH

IT WAS RECENTLY ESTIMATED THAT the national wealth of Canada, exclusive of the country's undeveloped natural resources, then stood at approximately \$28,940,000,000. The figure given is that for the year 1928 and it shows an increase of four per cent over the previous year, and about thirty per cent over 1921. This estimate is based upon what is known as the "inventory" method, which consists in totaling the amounts known from various sources to be invested in agriculture, manufacturing, dwellings and other classes of wealth.

Among the provinces, Ontario ranked first in regard to aggregate wealth, while on a per capita basis British Columbia came at the head of the list. The aggregate wealth of Ontario was \$9,892,000,000, or 34.18 per cent of the total. Quebec came second with \$7,302,000,000, or 25.23 per cent, and Saskatchewan was third with \$3,075,000,000, or 10.63 per cent of the whole. On a per capita basis British Columbia, which held first rank, showed an estimate

of \$4,369. Alberta was second with \$3,717, and Saskatchewan third with \$3,613. Ontario, which led in aggregate wealth, was fourth on the per capita calculation at \$3,063. Manitoba came fifth with \$2,986, and Quebec sixth with \$2,759.

Total agricultural wealth in 1928 was \$8,052,521,000, the largest item in the national wealth, and 27.82 per cent of the whole. This amount included the value of agricultural production in 1928, or \$1,801,440,000, to cover the average stocks of agricultural goods in the possession of farmers and traders, and the amount invested in the preparation for the new crop. The second-largest item in the national wealth was urban real property. This included the assessed valuations of taxed and exempted property to which was added one-third to provide for under-valuation by assessors, and for roads, bridges and sewers. The estimated value, as based on returns for 1928 from municipalities, was \$7,582,784,000, or 26.2 per cent of the total wealth of the Dominion.

The wealth invested in steam railways, computed from the cost of road and equipment, constituted the next largest item, amounting to \$3,020,060,000 or 10.43 per cent of the total.

Another important item was the tangible value of forests which, estimated on the basis of the latest available data, amounted to \$1,866,613,000 or 6.45 per cent of the whole. This included the estimated value of accessible raw materials, pulpwood and capital invested in woods' operations, and also an estimate of \$525,000,000 for the present value of young growth, distributed among the provinces, according to the estimated stumpage value.

The value of machinery and tools in manufacturing establishments, and of lands and buildings of manufacturing concerns in rural districts, was estimated at \$1,356,306,000 in 1928, or 4.69 per cent of the whole. In addition, the estimated value of materials on hand and stocks in process in manufacturing establishments was set at \$795,775,000, or 2.75 per cent of the total. Trading establishments, which included the estimated value of furniture and fixtures, delivery equipment, and materials and stocks on hand in 1928, was \$1,066,901,000, or 3.68 per cent of the total.

On the basis of the estimated population in 1928 of 9,658,000, the per capita investment in agricultural wealth was \$834, in urban real property \$785, in steam railways \$313, in the forests \$193, and in household furnishings and personal property \$134. The per capita wealth of all kinds was \$2,996.

WHAT OTHER PAPERS SAY

CANADA'S NATIONAL GALLERY
The Edmonton Journal

There has been a steady growing interest throughout the Dominion in the National Gallery at Ottawa. This is due largely to the loan exhibitions that have been held at different points. The Edmonton Museum of Art brought fifteen pictures to this city last year and we have had the opportunity of seeing others from time to time. The gallery has been much handicapped through lack of proper quarters and in the annual report that has just been issued the trustees gave a new report of immediate steps to remedy this situation.

A new building, they state, is urgently required to take care of present and future collections. No one who has visited its present quarters will question the need. In spite of the difficulties that have stood in the way of development, the collection is, as is claimed by the report, well on the way to becoming one of the most comprehensive on this continent. Valuable additions to it have been made during the past year. A serious problem that the trustees have been facing is the care of the Canadian war memorial pictures. They have had to be stored, but it is reassuring to learn that they have not deteriorated in any way as a consequence. It is a great pity that ten years after their acquisition facilities for their display are not available. They would add much to the attractions of the federal capital. While they have been exhibited in some other cities, they have not been brought further west than Winnipeg. Edmonton would welcome arrangements to have them displayed here.

COMPULSORY ECONOMY
The New York Times

Political parties in all countries are always promising to reduce expenditures and to practice rigid economy. How often do they do it when they are in power? Seldom until they have to; and even then economy is likely to vanish as soon as the opportunity and the means of the usual lavish spending recur. What has become of the "Coolidge economy" pursued, so far as it was pursued, in the teeth of Congress, which showed its aversion to wasteful and unnecessary expenditure by an enormous bonus to the soldiers? He was willing that "a few hundred millions" should be spent to relieve the farmer. A good pot of money has already been spent without eliciting any symptoms of relief from the victim.

A THOUGHT

Happy are they men, happy are these thy servants, which stand continually before thee, and that hear thy wisdom.—I Kings x 8.
Happiness is neither within us nor without us, it is the union of ourselves with God.—Pascal.

Twenty-five Years Ago To-day

The Victoria Daily Times, September 29, 1905

Notice has been received by Secretary Elworthy of the Board of Trade to the effect that the tariff commission will hold a session in Victoria, commencing at 10.30 o'clock in the morning, on Thursday, October 5.

Weather Forecast—Victoria and Vicinity—Moderate to fresh easterly winds, generally fair and cool.

Steamer Queen City is expected from the West Coast this evening. She will be late in arriving this trip owing to having called a day behind schedule time as well as having a full cargo of salmon to load at Clayquot, and at the Albion Packing Company's station.

Col. Anderson, chief engineer of the Department of Marine and Fisheries, has gone to New Westminster. He is awaiting the return of the D.G.S. Quenda from the northern coast, and as soon as she arrives will leave on the steamer for Lennard Island to inspect the new fog alarm and light station there.

Mrs. Gordon Grant of this city was on Wednesday at the annual election of officers of the Provincial Women's Christian Temperance Union in Vancouver nominated for the position as president, which she has occupied for several years.

A bolt of lightning struck the steamer Al-Ki while the vessel was crossing Millbank Sound bound for Skagway, Alaska. It split in twain the foremast, magnetized the ship's compass and killed a cat, the mascot of the crew.

Loose Ends

A tragedy is averted next door—Without the aid of Mr. Pudbury and Mr. Beek—a scientific fact is demonstrated—And we live happily ever afterwards.

By H. B. W.

ONCE MORE I must pause in the impressive record of our holidays (which was beginning to bore this column almost as much as its readers) in order to deal with some pressing local issues that are not likely to be dealt with elsewhere. It is amazing how these more difficult things are invariably left to this column and many of them, no doubt, would receive no record at all, were it not for me. For instance, nowhere in the press do I find any record of the strange episode that took place next door this week and that shocked our entire neighborhood, causing old Mrs. Glumby to state to her friend, Mrs. Ploggin, that our district was becoming utterly unbearable, "disgusting, no less, since then city folks started to move out 'ere."

WHAT HAPPENED next door, I feel, was sufficient to justify even Mrs. Glumby's magnificent generalization. None of us knew what had happened next door, at the home of the young married couple, until old George Pudbury came running up the road, shouting for Mr. Beek. Mr. Beek came running up from his garden until he was panting as much as Mr. Pudbury, and these two distinguished citizens stood panting at each other, neither able to say a word. The spectacle of Mr. Pudbury's great bonnet having like an earthquake and Mr. Beek's new false teeth (you recall that he broke the old ones on a cob of corn a few weeks back) clacking together with the regularity of a fine machine, was quite delightful.

AFTER A WHILE Mr. Pudbury gasped out this startling and profound question: "Say, is tulip bulbs piznos?" "Is what which?" gulped Mr. Beek, still breathless and open-mouthed. "Is tulip bulbs piznos—do you die when eat of 'em?" asked Mr. Pudbury with growing impatience. "My goodness, I ain't never eat any," said Mr. Beek. "How should I know?" "Well," said Mr. Pudbury, annoyed at the stupidity of Mr. Beek, who stood clacking at him without any sign of intelligence, "you're an heppert on bulbs, ain't you? Tell me quick, afore she dies, is tulip bulbs piznos—that is, if you eat 'em, I mean." "The little girl next door," said Mr. Pudbury excitedly. "Well, well!" exclaimed Mr. Beek, horrified. "Has she eat some?" "What d'ye think I'd be asking you for if she hadn't eat 'em?" demanded Mr. Pudbury with rising gorge. "Well, you needn't get mad at me, 'cause Mr. Beek," "Oh, should I me now, or you can go to blazes."

AND SO, AS a result of a five-minute wrangle along the spit-roasted lines, Mr. Pudbury finally got his answer from Mr. Beek, the bulb specialist. "Well," said Mr. Beek very profoundly, grinding his upper and lowers thoughtfully from side to side. "Well, to tell you the truth, George, I don't know." After assuring Mr. Beek that he had probably caused the death of the little girl next door by his delay, Mr. Pudbury hurried away to old Mr. Whifferton, where another argument of the same sort took place.

MEANWHILE the father of the little girl next door, with a very scared face and very white about the gills, had rushed about questioning in turn Mrs. Glumby (who suggested a bread poultice), Mr. Grogg (who recommended a stomach pump), Miss Stringer, the spinster down the road (who thought it would prove fatal), and even old Ah Lee, the Chinaman who lives with his cabbages down in the swamp and who talked at length about a family remedy used by his ancestors in China, but as he spoke mostly in Chinese this was not much use. However, as the little girl next door was still alive after all this time, it was presumed that tulip bulbs are not poisonous even when eaten. I think you may have on hand, and if you die you may hold the couple next door entirely responsible.

IT WAS NOT until next day that the young man next door was recovered sufficiently to reveal the facts of this neighborhood mystery. He admitted sheepishly in the first place that his wife was not a very experienced cook, as they have been married only three years. This we could well believe when he told us the part of the story. From what we could gather, the young man next door stored some fine large tulip bulbs in his cellar (showing that he is as bad a gardener as his wife is a cook) and his wife, seeing them, carried them upstairs to the kitchen, marveling to herself at the fine onions which her husband had grown in his vegetable garden. Accordingly, she cut them up and cooked them and fed them to their innocent child with fine white sauce, marveling that they were so mild in flavor. It was not until the disappearance of the tulip bulbs was noted in the evening that the full horror of the situation was realized. It was then that the hue and cry were raised.

IN VAIN Mr. Pudbury tried to explain to the young lady next door that you can tell onions because their scales peel off one by one. In vain Mrs. Grogg pointed out that you can tell onions because they make you cry. In vain Mr. Beek very helpfully suggested that you can tell onions from tulip bulbs because piznosants only dig up the latter. The young lady next door vowed that she would have no more onions on her table and the young gentleman next door vowed that he would have no more tulips in his garden. And the subject of all this tumult, the little girl next door, having

eaten besides the tulip bulbs, half a dozen acorns, several flies, a copper penny or two, a few plums and her regular food as well.

The little girl next door was sleeping peacefully in her little bed, accompanied by a teddy bear, a doll with its face missing, an inflated rooster, a recently-acquired woolly lamb, and her new shoes.

Moynihan Sees
Canada Making
Great Progress

London, Sept. 29.—Lord Moynihan, president of the Royal College of Surgeons, who is back in England fresh from his visit to Canada, where he attended the meeting of the British Medical Association, is most enthusiastic about the Dominion.

"She is ambitious," said Lord Moynihan, "and no one can fail to be impressed with the vitality of her people and their tremendous capacity for work. Not a few Canadians believe the Dominion holds greater promise than any other country in the world, and while Canada continues to be led by men of such mind I am inclined to agree."

The world and Empire trade situations, however, were serious concerns in Canada, added the president of the Royal College of Surgeons.

up our parks and make Victoria really attractive to our many tourist visitors. Better late than never! It is to be hoped the city will be able to select a really able and efficient man as parks superintendent out of the many replies they no doubt will have to their advertised invitation to submit credentials. The best will be none too good, as so much will depend upon his knowledge, ability and energy.

Could not some of our service clubs take on the sowing of seeds and planting of suitable trees and shrubs along the Malahat and other roads round Victoria.

BEGG COMPANY HOLDS UNIQUE GASOLINE TEST

Public Invited to Drive New Chevrolet Models For Cash Prizes

The economy of the Chevrolet Six stock models, which were recently put on the market, will be demonstrated this week by the Begg Motor Company, local distributors, at the Begg Show-rooms at the corner of Yates and Quadra Streets. The demonstration is a novel one, and will open to-morrow morning at 9 o'clock and will continue until 9 o'clock in the evening. The demonstration will continue every day, except Sunday, until October 24.

Under the title of "The Chevrolet Six Gasoline Economy Test," an interesting competition has been arranged whereby the general public will have a chance of testing the actual consumption of gasoline by the Chevrolet, at the same time gaining the opportunity of winning a substantial prize. The test will be held under the following rules:

A standard pint measure will be affixed to the outside of the hood on a stock model Chevrolet Six, filled with gasoline and connected to the gas line. A handsome cash prize will be given to the person who can drive the car furthest on this amount of fuel.

The offer entails absolutely no obligation on the driver's part, all that is necessary being to register at the office and phone your name in, and you will be notified as to the hour at which your driving ability will be tested. Starting at the Begg Motor Company, the drive will be made in company of an official observer, over a prescribed course, the distance being left to the judgment of the contestants.

Thirty-five dollars are offered in prizes, \$20 going to the person with the greatest mileage, \$10 to the second and \$5 to the third. A similar test was conducted by the Begg Motor Company in Vancouver, and tremendous interest was aroused. Hundreds of persons applied to try out this economical car and prove their ability as drivers. The results obtained in many cases were exceptionally high.

SALMON FISHING BAN IS ENDED

Lifting of the ban on commercial fishing for sockeye salmon in Boundary Bay and Georgian Strait, effective from midnight last night is announced to-day.

This terminates the special closed season in those waters of just one week imposed for the protection of great schools of sockeye which had gathered their run up the Fraser River for spawning but had been forced back into open waters by low water and long tide runouts.

Fishing interests in both Washington and British Columbia waters urged the ban on fishing to prevent depletion or extermination of the salmon before spawning. The joint action was taken accordingly on both sides of the line. Heavy rains and favorable change in winds deepened the Fraser, and sockeye are reported back in the river, the only stream in which they spawn to any extent.

MOYNIHAN SEES CANADA MAKING GREAT PROGRESS

London, Sept. 29.—Lord Moynihan, president of the Royal College of Surgeons, who is back in England fresh from his visit to Canada, where he attended the meeting of the British Medical Association, is most enthusiastic about the Dominion.

NEW DEPARTMENT OF LANDS IS SET UP IN ALBERTA

Edmonton, Sept. 29.—Reorganization of the Alberta Cabinet is to be completed soon, according to an announcement by Premier J. E. Brownlee. A new Department of Lands and Mines has been created in connection with the transfer of the natural resources, set for October 1.

Pending the Cabinet shuffle, Hon. J. G. Reid is the Minister in Charge. There will be three branches of the new department, including the crown lands branch in charge of John Harvey, former director of railway lands for the Department of the Interior, Ottawa. Mr. Harvey is already in Edmonton, J. G. Reid, Ottawa, will take charge of the Edmonton land office. Other land offices will be located at Calgary, Lethbridge, Peace River and Grande Prairie.

TARDIEU SAYS FRANCE DESIRES PEACE PERIOD

Alencon, France, Sept. 29.—Premier Tardieu told several thousand farmers at an agricultural gathering here yesterday that France desired peace, but remained the faithful guardian of the Versailles Peace Treaty.

"France seeks peace in a threefold formula," said M. Tardieu. "Security is first, arbitration second, and disarmament third, and the order in which we regard those three terms cannot be altered."

"No country in the last ten years has so scrupulously reduced its land, naval and aerial armaments as has France. The nation has affirmed by every act the

First Trip of Cy Peck Ferry Opens Salt Spring Route

Distinguished Party From Victoria, Including His Honor the Lieutenant-Governor and Miss Mackenzie, Premier Tolmie and Members of the Cabinet, Journeyed From Swartz Bay to Fulford Harbor on Saturday Morning to Officially Open New Ferry Service; Great Welcome Extended Party; Many Speeches Made.

With the completion of the first Swartz Bay-Fulford Harbor run early Saturday morning, the ferry boat Cy Peck, carrying among its 100 passengers His Honor the Lieutenant-Governor, Miss Mackenzie, Premier Tolmie, Mayor Anson, and a representative group of Greater Victoria's civic and business leaders, inaugurated a service between the Capital City and Salt Spring which promises much for the further development on the island of agriculture and tourist travel, and a wider appreciation of the part Salt Spring is able to play in the life of British Columbia.

No ferry opening could have been more auspicious than Saturday's. Members of the Good-will tour, as they left Vancouver Island behind, saw the last also of a thin rain which had been falling a greater part of the early morning. Salt Spring when first glimpsed was veiled in low-lying cloud banks which boded ill for the day's enjoyment; as the ship entered the long, narrow entrance to Fulford Harbor, these clouds slowly lifted, a patch of blue sky grew larger and larger, and the sun finally shone down upon the Cy Peck. This noticeable change in the weather prompted His Honor the Lieutenant-Governor to refer, in his speech on the wharf, not only to the visible, material sun, but also to the sun of prosperity which he felt sure would shine all the more brightly because of the efforts of those men who had been instrumental in consummating such a ferry service. This opinion was borne out by all the speakers of the day, both those at the Fulford Harbor wharf and at the White House luncheon, and maintained in many a private conversation.

Why Salt Spring, aided by its own natural advantages and by fast, efficient services from both Vancouver Island and the Mainland, will thrive greatly can be understood through consideration of the words which W. J. Scott, one of the island's most influential men, said in his capacity of toastmaster, at Saturday's luncheon, and also by a personal survey of the island's attractions and assets. Speaking at the luncheon, Mr. Scott said: "There is something here for everybody. If a man is of a quiet, retiring nature, there are the wooded walks, and the beaches where the trees bend over into the water. If he is a sportsman there is both sea and fresh-water fishing, big dentizens of the deep to be got with hook and line, and trout which rise to the fly in any of our many lakes. There are deer, grouse and pheasants in plenty. The hunter is never dissatisfied. There are at Ganges—and I speak without exaggeration—two of the finest tennis courts in British Columbia. We have now a golf course which is improving rapidly, though too exacting critics must be reminded that Rome wasn't built in a day. And finally, we have excellent accommodation for those who so desire."

A brief survey of the island brings out the fact that it is more than twenty miles long, is in its narrowest stretches five miles wide, and has more than a hundred miles of roadway. All along these roads and in some cases extending far back, are farms which have made Salt Spring famous, the produce of which will now reach the Victoria market two hours after being reaped at Fulford Harbor. The 1,600 people on the island are mostly farmers of some sort. There is a creamery there which last year produced 60,000 pounds of butter. Poultry is rightly taken in the poultry raised, which now will be much more frequently tasted by Victorians. From the tourist standpoint, in addition to Salt Spring's attractions as outlined by Mr. Scott, a visitor is struck by the hospitality and courtesy of the Islanders, which with them is far more than a mere form. Cars were ready to take the party

around the island, and doors thrown wide to all visitors.

PIPERS LEAD PARTY

Saturday's ceremonial was commenced at the Swartz Bay terminus with the severing by Miss Mackenzie of the red silted cord, and the piping of the party on to the ferry boat. Fourteen cars, all of exceptionally large size, made the trip, which from pier to pier took something less than thirty-five minutes. The Cy Peck rode wonderfully well under its heavy load, and churned the wave at a good clip. The ship at Fulford Harbor was crisscrossed with people, and, as at the other terminus, was decorated with Union Jacks, which with twigs of maple and oak formed the archways. The party momentarily deserted the cars and walked behind His Honor the Lieutenant-Governor to the shore, where W. J. Scott read the address of welcome. The text of this address was:

"To His Honor Robert Randolph Bruce, Lieutenant-Governor of British Columbia; and To Honorable S. P. Tolmie, Premier of British Columbia:

"May it please your honors: "We, the residents of Salt Spring Island, desire to extend to you on this, the occasion of the opening of the Swartz Bay-Fulford Harbor ferry service, a very cordial welcome."

"We are deeply sensible of the honor you have conferred on our island home by your presence here to-day and by your consenting to perform the opening ceremonies. The splendid ferry service, thus initiated, will not only benefit every resident of the Gulf Islands, but will also, we are sure, be much appreciated by the citizens of Victoria, as it will tend towards better social and economic conditions by providing a rapid and comfortable means of transit between this rural community and the Capital City of the Province."

"The sincerest appreciation and thanks of this community are extended to the provincial government, to J. S. H. Matson, to Colonel Cy Peck, V.C., and to all others who have worked so long and consistently to bring to a successful conclusion this very effective service which we to-day see as an accomplished fact."

"We hope that your visit here will be every way a pleasant one, and that you will see for yourselves the great possibilities which exist for a rapid development of this beautiful island of the Pacific, which has so aptly been called 'the Isle of Wight of British Columbia.'"

In reply, His Honor the Lieutenant-Governor, after expressing his pleasure at being present at so important an occasion, made particular mention of the work which Col. Cyrus Peck and J. S. H. Matson had accomplished, and the debt which Salt Spring owed them for commencing a ferry service which will reveal to a far greater body of people the business activities and tourist attractions of the island. He had words of praise, too, for the Provincial Government, which he said had seen the possibilities of such a service, in concluding his remarks, His Honor extended his best wishes to the people of Salt Spring for their happiness and prosperity.

Premier Tolmie somewhat elaborated the remarks of His Honor. He, too, had words of praise for the B.C. Government, and Mr. Matson, who he said was directly responsible for the launching of the ferry boat. He pointed out the vital importance to Salt Spring of tourist travel. "By making full use of such business," he said, "Los Angeles grew to the enormous city that it is to-day. It is the same everywhere." In continuing his address, the Premier told the assemblage that assets such as hills, lakes, streams, sight of beauty do not wear with use. "They were here then, they're here now," he said. "Stick up for your island; stick up for B.C. If someone criticizes either, show them just where they're wrong. Get the tourist here, and so attract him as to make him stay." Premier Tolmie, amid laughter, told his audience that, on his recent trip back east, he very much surprised one gentleman by telling him that British Columbia's harbors were open all the year. "At least, they were when I was last there," he said. The Premier told his audience that \$73,000,000 of the \$300,000,000 spent by tourist, annually in Canada, came to British Columbia.

At the conclusion of this address, Mrs. Tolmie and Miss Mackenzie were presented with floral bouquets, and J. S. H. Matson received a wrist-watch from his Salt Spring admirers. Mrs. Tolmie then cut the red cord, and the Fulford Harbor terminus was opened. Later in the day, more than one hundred and twenty people sat down to luncheon at the White House, Fulford Harbor, the front of which was decorated with a large Union Jack, and the door with a picture of the new ferry-boat and the man after whom it was named.

GARDEN OF EDEN

The toastmaster for the occasion was W. J. Scott, who made the speech in which he described the assets of Salt Spring from a sportsman's and tourists' viewpoint. During the course of his speech, he expressed fitting words of welcome to the many visitors, and praised highly Colonel Peck, Mr. Matson and the Provincial Government. In conclusion, he called upon Major C. P. Turner, D.S.L., to propose the toast to His Honor the Lieutenant-Governor.

In reply to Major Turner's brief but apt speech, His Honor said that his interest in the island and in the project which will help develop the island, was so keen that he had brought his niece, Miss Mackenzie, and sister-in-law, Lady Northcott, over to see also. This day, His Honor added, might rightly be called "Cy Peck's Birthday," for the popular member of the island's constituency had worked very hard to see this day. As for Salt Spring, it was the opinion of His Honor that it might just as well be called the Garden of Eden.

A. J. Smith, an old-timer of Salt Spring, now proposed the toast to the Provincial Government. It was replied to by the Premier, who addressed his remarks to men such as W. J. Scott, who had seen Salt Spring grow up around them. Fresh from England, these men, in the words of the Premier, had "graduated on the hurricane deck of a bronco." Premier Tolmie dealt with the unequalled geographical position and advantages of British Columbia, whose exports were so expanding that fresh milk from her farms was now being shipped to Shanghai. "There are millions of acres of our hinterland. There is the huge Peace River district still undeveloped. They await only the enterprising man," he added.

The next man to speak was Hon. William Atkinson, Minister of Agriculture, who in a short speech touched upon the enormous output of the Salt Spring creamery, and added that the one thing for the Islanders to do now was to go boldly into Victoria and get the first price.

The speech of Hon. P. P. Burden, Minister of Lands, was also a short one. He mentioned the hospitality he was receiving on this his first trip to the island, and congratulated all those concerned in the inauguration of such a splendid ferry service. L. F. C. Chaplin of Salt Spring dealt

in terms of eulogy with the part Colonel Peck had played. "At first," the speaker said, "Colonel Peck was faced not only with apathy but real antagonism. But now the people of Salt Spring have seen the folly of their ways and are ardent advocates of the scheme. The temptation is to say, 'I told you so,'" Mr. Chaplin concluded.

Amid great cheers, Colonel Peck replied to the toast. He said he was sick to death of hearing his name mentioned so often, and seeing it gracing every pot and pan on the good ship named after him. He was unreserved in his admiration when describing the tenacity of purpose which had governed Mr. Matson when the latter's mind had finally been made up. "Surely if a man's capable of appreciating any love, the loyalty of friends must move him deeply," he said.

William Moust proposed the toast to Mayor Anson. The Mayor said that he had been very much struck by his drive over the island. Touching upon the marketing question, he asserted that Victoria provided a fine wholesale market for Salt Spring goods. "If the southern end of Victoria is ever to be linked with Victoria, surely this ferry will prove a great factor in such a union."

The toast to Mr. Matson was proposed by Mr. Scott himself. Mr. Matson acknowledged the co-operation and fine spirit of all those in authority, paying special tribute to the Minister of Public Works, and the persistence of Colonel Peck.

In the course of a short speech, H. B. Thomson pointed out the crying need in Victoria of a livestock market, and hoped that some action with regard to this would be taken in the near future. A short speech was also made by Mr. Justice Gallie.

The dinner then adjourned for a motor tour of the island, and stops-off at the various hotels and at the golf club, returning to the city by the late afternoon ferry.

INVITED GUESTS

The invited guests were: His Honor the Lieutenant-Governor and Miss Mackenzie, Lady Northcott, and Mrs. J. S. H. Matson, Hon. Dr. S. P. Tolmie and Mrs. Tolmie, Hon. S. S. and Mrs. Loughheed, Hon. Joshua and Mrs. Hinchliffe, H. B. Twigg, M.P.P., and Mrs. Twigg, C. F. Davis, M.P.P., and Mrs. Davis, R. Hayward, M.P.P., and Mrs. Hayward, His Worship Mayor Anson and Mrs. Anson, Lady McBride, Capt. J. W. and Mrs. Troup, Mr. and Mrs. Herbert Wilson, Mr. and Mrs. George Napier, Mr. and Mrs. J. C. Penderay, Mr. and Mrs. C. L. Harrison, Mrs. Horton, Mr. and Mrs. Julius Brotherton, Mr. and Mrs. G. H. Stevens, Rev. Montague Bruce, Mr. and Mrs. Frank Burton, Mr. and Mrs. Patrick Phillips, Mr. and Mrs. J. P. Forde, H. B. Thomson, P. C. Nicholas, Mr. and Mrs. George Cochran, Capt. and Mrs. W. E. Gardner, Mr. and Mrs. C. L. H. Branson, Capt. and Mrs. Neroutos, Hon. P. F. and Mrs. Burden, Hon. William and Mrs. Atkinson, P. B. Fowler, president Chamber of Commerce; Col. A. W. R. Wilby, Department of Marine and Fisheries; Mr. and Mrs. George Mitchell, Mr. and Mrs. J. W. Spencer, Mr. and Mrs. A. J. Watson, Hon. S. L. and Mrs. Howe, Alderman and Mrs. T. Straith, Alderman and Mrs. E. S. Woodward, Alderman and Mrs. James Adam, Alderman and Mrs. J. H. Alderman, and Mrs. Robert Dewar, Alderman and Mrs. A. L. Litchfield, Alderman and Mrs. William Cullin, Alderman and Mrs. Alex. Peck, Alderman and Mrs. Robert Smith, W. B. Montie, Archie Willis, H. P. Hodges, G. I. Warren, Oscar Bass, Reeve Hayward and members of the Oak Bay Council, Reeve Erick and members of the Esquimalt council, Reeve Crouch and members of the Saanich council, Charles Swayne, B. A. McKelvie, Hon. Mr. Justice W. A. McDonald, His Honor Judge Lampman, Hon. Mr. Justice Martin, Hon. Mr. Justice Gallie, Hon. Mr. Justice McPhillips, Hon. Mr. Justice Gregory, His Honor Judge J. C. McIntosh, Hon. Mr. Justice A. A. Macdonald, Chief Justice Morrison and Chief Justice J. A. Macdonald.

The committee in charge of arrangements on behalf of the Gulf Islands Ferry Company Limited, owners and operators of the service, consisted of Col. C. W. Peck, V.C., M.P.P., and J. H. Beatty, M.P.P., assisted by the officers of the company.

Vancouver Death Is Investigated

Vancouver, Sept. 29.—Frank Hodson, 1383 Richards Street, died in the Vancouver General Hospital yesterday from a fracture of the skull and a suspect was held at police headquarters in connection with the affair.

Hodson was taken from the Tale Hotel in an unconscious condition at midnight Saturday. Investigation by police disclosed, they state, he had been taken there in a taxi from the corner of Hornby and Hastings Streets.

Sooke

Under the auspices of the Holy Trinity Church W.A. a concert will be held in Sooke Hall on Wednesday, October 1 at 8:30 o'clock. An entertainment program will be given by A. C. Hill and party of Victoria.

The Ladies Aid Society of the Knox Presbyterian Church held their first meeting of the season on Thursday last, at the home of Mrs. Murray, eleven members and friends being present. The reading was given by Mrs. L. M. McPherson.

Most of the afternoon was devoted to repairing a number of hymn books from the church. Tea was served by the hostess. The October meeting will be held at St. Peter's.

Mrs. R. Acreman and Mr. W. Muir were recent visitors to Mr. and Mrs. Auchincloss of Duncan.

Mrs. W. A. Gunter, Mrs. E. A. Plimmon and Mrs. A. J. Schwerdtfeger, all of Ottawa, have been staying for several weeks at the Muford Inn.

Miss E. E. Beatty, daughter of her aunt, Mrs. C. Thompson, Church Road, has returned to her home on the prairies.

Ends Piles Quick

Without Salves or Cutting

Piles are caused by congestion of blood in the lower bowel. Only an internal medicine can remove the cause. That's why salves and cutting fail. HEM-ROID, the prescription of Dr. L. S. Leonard, removes this congestion and strengthens the affected parts.

HEM-ROID is sold by druggists everywhere and has such a wonderful record of success even in chronic and stubborn cases that Mrs. Parsons and Vancouver Drug Store invite every Pile sufferer to try HEM-ROID and guarantee money-back if it does not.

Only Two Individual Champions Retain Titles In Major Leagues

THE SPORTS MIRROR

THE GREATEST golfer of all time? If there ever was any doubt as to the right of Bobby Jones to hold this title it was swept away by his victory Saturday in the United States amateur, which gave the Georgian a clean sweep of the four major golf championships this year, the British open and amateur and the U.S. open and amateur. When present young men are bounding their grandchildren on their knees they will be able to tell of the wonderful feat of Jones in 1930. It is a pretty safe bet the Georgian's remarkable accomplishment will never be equalled, at least for a long time.

When it is considered that, in golf, the same as any other game, there is a certain amount of luck necessary to win, the uncanny consistency of Bobby in the major tournaments during the last eight years is phenomenal. Always near the top if not a winner, Jones has been a threat in every major tournament he has participated in.

Jones may now announce his retirement from competitive golf. There is nothing left for him to win. This year, when he lifted the honors in the British amateur for the first time, he captured the only major title that had eluded him. Bobby appears to be taking a keen interest in his profession as a barrister, and as the old saying goes, "he can rest on his laurels." Jones cannot go on indefinitely, and we can't imagine Bobby failing to qualify or being forced to lose a back seat in any of the major tournaments.

A splendid golfing feat was hung up in our own backyard on Friday afternoon at the Uplands Golf Club. Bobby Jones, the world's city golf champion, by Majorie Todd, fifteen years old, a member of the Victoria Golf Club. Uncovering shots that would have done credit to any club-wielder, this youngster turned in an exhibition worthy of a veteran.

Just before the battle at Forest Hills, where Bill Tilden was expected to demonstrate once more that he was the master of United States tennis, John Hope Doeg, a young left-handed player from California, announced that he was about ready to quit tennis.

The announcement did not seem of great importance. When the boy from the Coast lost two matches to Eddie Jacobs the year before, the year before that in the Davis Cup trials at Augusta, Ga., Doeg had disappointed. So, when Doeg announced he was about to forsake the game, people looked at one another and asked, "What of it?"

Then Doeg, playing a magnificent game, blasted his way through the ranks of the boys at Forest Hills, emerging with the United States title. Will he quit now? Will he quit after beating Tilden and the others?

The young man wants to start some kind of business career. He is twenty-one years old. He may forsake Davis Cup play. The day he told his friends he was about to quit, he was in California that he will compete in only a few tournaments every year. But Doeg is born of a tennis household, and how far he will carry his "business" aspirations remains to be seen. Thoroughbreds don't like to stay hitched to milk wagons.

Mrs. Violet Sutton Doeg is his mother. Her sister, Mrs. May Sutton Bundy, is his aunt. They were international stars. Since he was old enough to balance himself on wobbly legs, John has been carrying a tennis racket around. Sometimes it's hard to get things like that out of your system.

Surely he will defend his title next year; his mother would want him to do that.

When Doeg made his first appearance in the east, he exhibited a chop stroke that was hard to watch. Coming from a southpaw it was baffling to the best minds of the courts. He discarded it, apparently, and it was only after he failed to master a forehand drive that he went back to it. It was well he went back to it, for he won with it. It was with the chop that Doeg stood off the Tilden fury. Despite the fact that few players have attained note in tennis with the chop, Doeg did it. He was uncanny with it.

Bill Duffy, one of Primo Canera's managers, is to be knighted by King Emmanuel of Italy for his assistance in bringing Canera to the front. Some of the boxing fans who gave Primo that \$100,000 ought to be knighted, too.

The fight managers are knighted, but these days most of the boxers are benighted.

King Emmanuel ought to knight the lad who threw in the towel in that affair Primo had with Leon Chavaler in California.

Primo ought to take Elmer Blouk, Big Boy Peterson, Cowboy Owens, George Godfrey and a few of the other boys he battled when he goes back to Europe, and dub them something or other.

Jack Gross was Canera's latest victim in Chicago. He was not Gross; it was his handlers who were interested; however, it was the net.

BOXING MEETING

A meeting will be held at the Tillamook Athletic Club, Douglas Street, at 7:30 o'clock Tuesday evening for boxing men and boys of the city and surrounding districts who are desirous of learning the art of self defense.

By starting at the beginning of the classes those interested will have the opportunity of having a complete course and taking part in the boxing tournaments which the club will arrange in the near future.

Miracles of Sport

ALFRED RUFUS KING, JR., A SMALL 14 YEAR OLD BOY, UPON THE WORLD'S BIGGEST TRAFFIC SAFETY EVENT, THE GRAND AMERICAN HANDICAP, DEFEATING THE COUNTRY'S CRACK SACKS IN 1930.

THE FIRST TIME A BOY HAS PERFORMED THIS FEAT!

SANDY HERD AT THE AGE OF 59 WON THE BRITISH PRO-GOLF CHAMPIONSHIP, BEATING DUNCAN, COMPTON, RAY, MITCHELL AND OTHERS.

TO BE BOLD IS TO WIN THE QUESTION.

Bill Terry of New York became the leading batsman of the National League, compiling an average of .401, although he was not able to pass the total of 254 hits made by Frank O'Doul of Philadelphia in winning the 1929 title with a .398 mark. He did tie this total, which is a National League record.

Chuck Klein of Philadelphia and Mack Wilson of Chicago led in the individual record smashing. Klein scored 158 runs, hit fifty-nine doubles and made his blow good for a total of 455 bases. All three were records for his league, passing the totals of 156 and 53, made last year by Rogers Hornsby of Chicago and Johnny Frederick of Brooklyn, and of 450 total bases made by Hornsby a few years before.

Wilson set record. Wilson led hardly a fragment of the league home run record as he hit fifty-six to beat the mark of forty-three set by Klein in 1929. And in doing this he established an all time major league mark of 180 runs batted in and helped his team do as much for the club home record with a total of 171 for the Cubs.

Adam Comorosky of Pittsburgh supplanted a team mate, Lloyd Waner, in first place by hitting twenty-three triples.

The final result of the race for the American League batting championship which Lou Gehrig of the Yankees and Al Simmons of the Athletics carried off may not be known until the official figures come out, but unofficial returns have it that Gehrig's three hits yesterday brought his mark to .382, to give him the crown by a one point margin. He overtook the decision supplants Lefty Fonseca of Cleveland.

Charley Gehringer of Detroit, who swept American League honors in 1929, came to the end of his year without a title. Last season, Gehringer led in runs with 131, in triples with twenty-seven, and was in two first place hits, with Dan Alexander, Detroit, with 215 hits, and with Johnson, Detroit, and Manush, St. Louis, with forty-five doubles. This year Simmons scored 153 times. Johnny Hodapp of Cleveland made 225 hits, fifty-one doubles, and with Johnson, New York, smacked forty-nine triples and Marty McManus, Detroit, stole twenty-three sacks.

The Athletics went to bat 5,896 times and the Yankees scored 1,060 runs and had 905 hits. In both. Yankee marks broke major league marks of 1923 and 1933 set by the champion Chicago Cubs of 1929. The Cardinals had one slugger record to their credit. They hit 397 doubles, passing a major league record of 355 set by Cleveland in 1921.

Hampton To Meet Varsity In First Night Rugby Match

Dominion Rugby Champions and U.B.C. Will Clash To-night at Vancouver in First Game To Be Held in Canada Under Artificial Lights; Tigers Smashed Through to 18 to 4 Victory Over V.A.C. on Saturday; Varsity Will Field Fast and Light Team Against Easterners.

Vancouver, Sept. 29.—Under the glare of batteries of huge lamps and searchlights, Hampton Tigers, Dominion football champions, will play the fifth game of their western tour to-night, pitted against the University of British Columbia twelve. The game will mark the first time in Canada that night football has been attempted and if to-night's contest is a success, it is likely that the idea will spread elsewhere throughout the Dominion.

Bengals are favored to chalk up their fifth straight victory to-night. They will be backed against a fast and light team of students, and the weight and experience of the visitors is expected to add materially to the 108 points amassed by the yellow-jacketed crew in their four games to date. On the other hand the four opponents pitted against the Tigers, Winnipeg, Saskatoon, Edmonton and Vancouver have scored only seven points between them.

And, of those seven points, the Vancouver Amateur Athletic Club twelve Saturday scored four, meanwhile holding the Hamiltonians 15 tight. Vancouver gave Tigers their toughest fight of the tour, and were in the thick of the fray from start to finish. Piloted by husky Norm Burley, former Queen's University star, the local green-clad team showed a lot of fight and a world of potential strength which was only overcome by the smoother-working and more-experienced veterans of Ontario team.

A BAD START
Tigers got off to a bad start and Vancouver scored the first point of the game. The visitors, however, soon got going and showed enough of their championship form to run through three touchdowns, which added to three kicks to the deadline, gave them their "eighteen" points. Vancouver's points came easily way of the air, two rouses and two punts to the deadline.

Two of the Hamilton stars are in poor condition as a result of the cross-country jaunt. The famous Pep Leadley is suffering from stomach trouble, while Broadway, star quarter and half, suffered a broken bone in his right ankle at Saskatoon.

The V.A.C. squad went down glorious in defeat Saturday, but they put up a much better display than even their warmest supporters believed they could against such a famous aggregation of line plungers.

Sonny Errington was the first to score, forcing Gibb to touchdowns in the first quarter. Gibb of the Tigers got a touchdown and Benno Wright, who shares kicking honors with "Pep" Leadley, got the other point of the first quarter. Wright's deadline kick was only point of the second quarter, the half-time score being 6 to 1. Shields gave V.A.C. two points early in the third quarter by kicks to the deadline. The score of 7 to 3. Timmins then scored a touchdown for the Tigers; Shields followed with another deadline punt while Cap Fear took a forward pass from Timmins and by a brilliant broken field run, put the Tigers though they had the best

Umpires Named For Big Series

Chicago, Sept. 29.—President Ernest Barnard today appointed George Moriarity and Harry Geisel as the American League umpires for the world series between the Philadelphia Athletics and the St. Louis Cardinals.

Near Riots Seen In Two Matches of Scottish Football

Spectators, Disappointed at Home Team Getting Beaten, Threaten Players When Cowdenbeath Defeats Kilmarnock; Wood, Forward of Airdrieonians, Ordered From Field After Wordy Battle With Referee; Arsenal and Derby County Retain Unbeaten Record in English First Division.

Glasgow, Scotland, Sept. 29.—A disorderly scene in which spectators threatened players, marred the soccer football match at Kilmarnock where the local team was beaten by Cowdenbeath in a Scottish First Division League game on Saturday. Cowdenbeath won by the one goal scored and at the finish, as the players left the field, the crowd showed its disappointment at the result by denouncing and hustling the players as they came off the field. Peterson scored the goal which won the game for Cowdenbeath.

In the important match of the First Division between Rangers and Partick Thistle by 3 goals to 1 and gained the leadership of the league. Rangers have played one more game than Partick so their advantage is not very substantial.

Queen's Park, after being two up on Celtic, at the finish could only divide the points.

East Fife got their first league victory when they beat Ayr United by 4 to 1. Brown, McCaughie, Cabrie and McNourie registered for the Fiers and Murray for Ayr.

Fireworks were staged in the match between Hamilton Academical and Airdrieonians at Hamilton, and after a word battle between Wood, the Airdrie forward, and the referee, the player was ordered off. The match was a draw with getting for Hamilton and Muir for Airdrie.

MAINTAIN RECORD

Motherwell maintained their unbeaten record for away from home matches when they defeated Falkirk by 1 to 0. Wales scored the winning and only goal of the match.

Aberdeen won again. This time their victims being Hearts.

Clyde and Leith Athletic divided the point at Shawfield Park. The match was sharply contested.

London, Sept. 29.—After Saturday's soccer matches in the First Division of the English League, Arsenal were undisputed leaders of the championship table. While Derby County enjoyed with them the advantage of not having been defeated this season, Aston Villa, who have been making a strong fight with Arsenal for league leadership, fell by the wayside when they went to Middlesbrough, and were defeated for the first time this season.

At Birmingham, Arsenal left no doubt of their superiority, winning by 4 to 2. Derby County, when they divided points with Manchester City, ran their string of draws up to four.

EVERTON LEADS

In the second division Everton took the lead in the championship table. They won impressively at Bradford City by 3 to 0, while West Bromwich Albion, who have been furnishing opposition to them for the top leadership, were beaten by Plymouth Argyle by 3 to 1.

While their record this season has not been anything to boast about, the score against Everton, their star performers, Middlesbrough, after a weak start, were obviously the better balanced side. Aston Villa did not field Brunon and Gibson, their two star players, and were unable to register a win since they paid \$42,000 for Jackson.

Everton owed their victory over Bradford City to their fine combination, and the home team's weak finishing. Griffiths scored three times, while the visitors scored twice in ten minutes, and Rigby added a second, giving Everton a lead of two goals at half time. Near the close Critchley kept a fine pass and through beautifully to score Everton's third marker.

Preston North End trounced Stoke City by 5 to 1. Stoke started well, but faded out early. On the other hand Preston improved wonderfully after a bad first quarter of an hour.

Despite Crystal Palace's fine start in a Third Division southern section fixture, they were finally overwhelmed by Lincoln, 4 to 2. The Palace's goals came through Clarke and Simpson in the first ten minutes.

Lincoln City were unable to depose Lincoln from leadership in the northern section, and went down to defeat. Lincoln scored a well-deserved win by 3 to 1.

Hall, 6-1, 7-5; Sidney Wood Jr. defeated Wallace Bates, 6-2, 6-1; Sherman Lockwood defeated Stanley Almquist, 6-4, 6-2; Walt Brown defeated Allan Blade, 6-3, 11-8; Keith Gledhill defeated Dave Conrad, 6-1, 6-1; Walter Senior defeated Mike Laine, 6-1, 6-4; Joe Coughlin defeated Walter Honsberger, 5-3, 6-4; Henry Cully defeated Roger Stone, 6-3, 10-8.

MEN'S DOUBLES, FIRST ROUND

Fred and Neboru Shimura defeated L. A. Harper and W. J. Yates, default; George Green and Dr. Jensen defeated Herb Robinson and Mike Laine, 6-4, 10-8; Stanley Almquist and Sherman Lockwood defeated Mervyn Griffin and Roger Stone, 4-6, 6-3, 6-0.

WOMEN'S SINGLES, FIRST ROUND

Catherine Hermanns defeated Mrs. Rose Mait Holt, default.

SECOND ROUND

Mrs. Moody defeated Lora Williamson, default; Edith Gross defeated Mary Jane Foster, 6-0, 8-1; Paty McCoy defeated Genevieve Grant, 6-1, 6-3.

THIRD ROUND

Mrs. Moody defeated Miss Nicholas, 5-0, 6-1; Alice Marble defeated Charlotte Miller, 6-3, 6-2.

WOMEN'S DOUBLES, FIRST ROUND

Paty McCoy and Evelyn Parsons defeated Ethel Fayen and Marian Mackay, 6-1, 6-3; Avery Flett and Mrs. Dorothy S. Perow defeated Jean La Clerque and Evelyn Letta, 6-0, 6-0.

McDUFFER OF THE MISSISSIPPI GOLF CLUB

BY MARIE PAVINE

"Doc Jones says those thrilling long drives in golf make it a better sport than fishing, but I'm not so sure. Many's the time I've caught fish as long as Doc's drives — and thrown 'em back."

(Copyright, 1930, Publishers Syndicate)

There were no injuries of consequence. There was general disappointment when "Pep" Leadley, Canada's peerless kicking half, was injected into the game only a few minutes and was given little chance to show.

At half time Cap. Fear received a telegram that he had become the proud father of a bouncing boy. He was thrown into the game during the quarter and on his first appearance took the forward pass from Timmins, and by a brilliant broken field run, put the issue beyond any question.

Drastic Changes In Penalty Rules By N.H.L.

No More Than Two Men Can Be Chased From Ice Together

New Measure Adopted Following Unsatisfactory Endings of Games Last Season; Another New Rule Gives Major Penalty to Player Who Cuts Opponent About Face or Head and Same Thing Applies to Aggressor in Fight; Another Rule for Stick Chopping; Player Gallagher Awarded to Montreal Maroons.

Canadian Press

Toronto, Sept. 29.—The old days when a hockey team was penalized three or even four men at one time, are gone forever, it appears. Saturday, at a meeting of the governors of the National Hockey League, a penalty, whereby no less than four men of each team will be left on the ice, was adopted and will go into effect this season. The measure follows several unsatisfactory endings of games last winter, when so many men were penalized that the game became a farce.

Under the new system, should two men of a team be penalized they go back to the box in the usual way. When, if ever, a third teammate is "chased" a substitute will take his

place. The penalty time of the third man will begin when the first preceding penalty ends. As an example, should the first man get a major penalty, and the second a minor, the third man will start serving his time when the second man has resumed his place on the ice.

There will be no excuse for players injuring opponents about the head and face in future. Any player cutting another player about the head or face with his stick will automatically receive a major penalty. The same thing applies to the aggressor in a fight. If the referee fines the aggressor, he takes a major penalty. The person struck will not be penalized unless he retaliates, in which case he will be chased for two minutes.

ANOTHER CHANGE

Still another rule covers the chopping of hockey sticks from a player's hands. In this case, the chopper will be penalized. While the chopper will also go to the box if he interferes in any way while facing his stick.

Contrary to expectations, the general meeting scheduled for Saturday afternoon was not held. It will take place in Chicago next Saturday. And at this meeting the ratification of the playing schedule will likely take place.

One of the features of the meeting was the discussion of the governors' award Johnny Gallagher, Montreal A.A. defence star, to Montreal Maroons. Gallagher had signed a two-year contract, and the governors overruled a previous ruling of President Calder's in making the switch. However, the Maroons must complete the trade for any funds turned over to Gallagher before the latter will be allowed to enter professional hockey.

VAN RYN AND ALLISON WIN

Defeat Manoin and Bell in Gruelling Final of Pacific Southwest Tennis

Los Angeles, Sept. 29.—In an all-Davis Cup squad men's doubles final, Wilmer Allison, Austin, Texas, and Johnny Van Ryn, East Orange, N.J., yesterday added the Pacific southwest tennis title to their laurels by defeating Gregory Manoin, Newark, N.J., and Berkeley Bell, also of Austin, Texas, after the most exciting struggle of the ten-day tournament.

Allison and Van Ryn took the match after twice all but frittering away their advantage. The scores were 6-4, 3-6, 4-6, 6-2, 7-5. The pair, members of the international team, had been favored to defeat their opponents, who were alternates on the squad.

MISS BURKHARDT WINS

Miss Ethel Burkhardt, San Francisco, won the women's singles title by defeating Miss Marjorie Gladman, Santa Monica, 6-3, 6-0. The match was won and lost in the extended first set, after that the Bay City player won as she pleased with her strong volleys making returns almost impossible.

Elsworth Vines, Pasadena, who Saturday defeated Manoin for the men's singles title, won a share in another championship yesterday when Miss Helen Marlowe, Los Angeles, and he won the mixed doubles final from Miss Dorothy Workman, El Monte, and Allison. The scores were 6-4, 3-6, 6-1.

Allison was worn out after his hard men's doubles play and could not perform up to Vines' strong service, which gave him numerous aces, figured in the victory.

FAST NIPPONS BEAT VARSITY IN LAST GAME

Flash Fine Form in Second Half to Defeat U.B.C. Rugger By 25 to 3 Score

Complete Tour With Six Victories and One Draw; Collegians With at End

Vancouver, Sept. 29.—The Imperial Japanese rugby team will return to Japan with an unbeaten record as a result of their win over the University of British Columbia at Brockton Point by the convincing margin of 25 to 3, on Saturday afternoon. In their seven matches in British Columbia the visitors have obtained six wins and one draw.

Before an enthusiastic crowd of 3,500, which included 250 Japanese schoolchildren as guests of the B.C. Rugby Union, Captain Miyachi of the visiting side presented Bert Barratt, the U.B.C. skipper, with a Japanese flag.

U.B.C. won the toss and Japan kicked off. Toshiro was injured in a heavy tackle in the opening minutes but resumed play after receiving attention from the bench. Varsity forwards dominated play for the opening ten minutes, but the Japanese defence was quite equal to the occasion.

A COSTLY FUMBLE

Noble led a dribble into the visitors' twenty-five but Phil Barratt couldn't handle the final transfer and Varsity's hope of getting the opening score went glimmering. Kitano dashed down the wing from an opening made by Matsubara but was bundled into touch in-goal. From the drop-out, the Japanese three-quarters went back to the attack and Kitano crossed near the flag after five men had handled.

Immediately from the centre the visitors again started a threatening movement. Hagiwara secured from the scrum and cut through the centre to score the pole. Kitano's attempt at conversion was again wide.

Varsity began to improve as they found their feet, but several openings were spoiled by a tendency of their backs to hold on too long. Gault scored a drop kick but it was charged down.

Varsity continued to press but again the Japanese defence was sound. Kofune in particular starting with clean catching and accurate kicking. Just before the interval Kayama penalized the visitors for obstruction and Murray put the ball between the poles to make the half-time score 6 to 3.

Superior conditions told its tale in the second half, which was all Japan. The Varsity forwards led occasional rallies up field, but the majority of the play was in Varsity's half. Shimizu and Miyachi broke through on several occasions, but failed to score. The Japanese three were handling the ball beautifully and the first try of the half which went to Fujii was well deserved. Hagiwara converted from well out.

A LONG KICK

Hagiwara added another three points soon afterwards when he converted a penalty for off-side from forty yards out. Varsity relieved the tension for a few minutes and a magnificent tackle by Kofune stopped Gault when he was all but through. A clever interception by Ka paved the way for the next try, which fell to Suzuki. Hagiwara failed to improve. The scoreboard read 11 to 3, and a sensational conversion, a lobbed pass and cut through the centre to score near the poles. Hagiwara's kick failed.

Ledingham and Noble combined in a forward rush to relieve the pressure, but Chiba intercepted and raced down field. His short punt over Cleveland's head took a bad bounce and he was robbed of a try he richly deserved. The forward score of the match went to Fujii, who intercepted thirty yards out and completely baffled Varsity defence with his clever swerving and change of pace. Hagiwara again improved from well out for the final points.

VISITORS' BACKS GOOP

For the visitors all the backs played well, with Ed Shimizu and Fujii the most brilliant. Of the forwards Matsubara, Miyachi and Sakurai were the pick. Varsity were best served by their forwards, with Ledingham, Rogers and Murray in the stellar roles.

M. Mayama, treasurer of the Japanese Rugby Football Union, referred the match. His work as referee bordered on perfection itself. He was on top of every play, prompt in his decisions and quite deserved the honor which was awarded him of being carried off the field shoulder high. The teams:

Varsity—Cleveland, P. Barratt, Mills, Estabrook, Mercer, Gault, B. Barratt (captain); Rogers, Murray, Mason, Mitchell, Noble, Ledingham, Martin and Nixon.

Japan—Kofune, Suzuki, Ka Fujii, Kitano, Matsubara, Hagiwara, Shimizu, Miyachi (captain), Toshiro, Miyama, Ohiba, Sakurai, Gagai and Tawashita.

Referee, S. Kayama; touch judge, Bert Tupper and Wada.

GARAGE LEAGUE HOLDS BANQUET

To officially wind up the season officials and members of the teams in the Garage Baseball League attended a banquet at the Sooko Hotel on Saturday evening. During the evening the cup and medals were presented by E. D. Leclachre, manager of the Imperial Oil Company.

New Endurance Swimming Mark Is Established

Valetta, Malta, Sept. 29.—Arthur Rizzo yesterday set a new record for endurance swimming, having remained in the water 68 hours 11 minutes. He left the water at 4:18 p.m. The former record of 67 hours and 10 minutes was held by P. K. Ghosh of Calcutta.

LANGFORD TEAM WINS NET TITLE

Defeat Duncan 14 to 4 in Play-off For Third Division Title

Score Nine Straight Victories to Cinch Match; Banquet to Wind Up Season

By staging a sensational spurt that netted them nine straight victories, the Langford Lawn Tennis Club yesterday captured the championship of the Third Division of the Vancouver Island Tennis League by defeating Duncan by fourteen matches to four. The contest was switched from the Victoria Tennis Club to the C.P.R. courts on Belleville street, owing to the hard courts at the Willows being wet.

Langford by winning the play-off yesterday finished a fine season. They net defeat only once in the league. Duncan fought hard. Five of the eighteen matches played going to three sets. Of these Langford finished on the long end of four.

The league season will be officially closed when the annual dinner will be held at the Union Club on the evening of Wednesday, October 8.

The scores with the Langford players first named, follow:

MIXED DOUBLES

Mrs. Bayles and Mr. Brown defeated Mrs. Poole and Mr. Leney, 6-1, 6-2. Mrs. Sparks and Mr. Howe defeated Mrs. Robertson and C. Lundie, 6-3, 5-6, 6-3.

Mrs. Johnston and Mr. Bennett defeated Mrs. Aldersey and Mr. Muttter, 6-5, 6-4.

Mrs. LeQueune and Mr. LeQueune defeated Miss Harris and Mr. Wilson, 6-0, 6-3.

Mrs. Brown and Mr. McLean defeated Mrs. Edwards and Col. Hepenstall, 6-4, 6-5.

Miss C. Brotherton and Mr. Pennington defeated Miss Blythe and I. Lundie, 6-3, 6-4.

Mrs. Sparks and Mr. Howe defeated Mrs. Poole and Mr. Leney, 7-5.

Mrs. Bayles and Mr. Brown defeated Mrs. Robertson and C. Lundie, 6-2, 6-3.

Mrs. LeQueune and Mr. LeQueune lost to Mrs. Aldersey and Mr. Muttter, 6-4.

Mrs. Johnston and Mr. Bennett defeated Mrs. Aldersey and Mr. Muttter, 6-4.

Mrs. C. Brotherton and Mr. Pennington defeated Mrs. Edwards and Col. Hepenstall, 6-3.

Mrs. Brown and Mr. McLean defeated Mrs. Edwards and Col. Hepenstall, 6-4.

Mrs. LeQueune and Mr. LeQueune defeated Miss Harris and Mr. Wilson, 6-0, 6-3.

Mrs. Brown and Mr. McLean defeated Mrs. Edwards and Col. Hepenstall, 6-4.

Mrs. LeQueune and Mr. LeQueune defeated Miss Harris and Mr. Wilson, 6-0, 6-3.

Curtain Falls On Major Ball Leagues With Few Features

Only Outstanding Result in Final Games Yesterday Was Cinching of Third Place in National League by New York Giants; Babe Ruth Returns to Mound and Pitches Yankees to 9 to 3 Win Over Boston; Was His First Full Game in Nine Years.

A final fling at the Sunday "gate," a final settlement of third and fourth places in the National League standing, a few oddities and fewer outstanding playing performances brought the 1930 major league baseball season to a close.

Only one place in the line-up of the two big leagues was in doubt as the teams went out for their final games yesterday and the New York Giants decided that by defeating the Phillies, 7 to 6, in a ten-inning struggle to hold third place in the National by a one-game margin over the erstwhile league leaders from Brooklyn.

Robins did their best to gain the possible tie, handing the Boston Braves a final 6 to 3 defeat as Hollis Thurston gave eight hits and drove it four runs with a home run in the ninth.

The champion St. Louis Cardinals flashed a new pitching star to take their final game from Pittsburgh Pirates by 3 to 1. "Dizzy" Dean, recently of the Western and Texas Leagues, held the Pirates to three hits and shut them out after his first major league inning.

RUTH TAKES BOX

New York Yankees brought forth an old hitting doubter, none other than Babe Ruth himself, and won a 9 to 3 decision from Boston Red Sox. The Babe had not pitched a full game in nine years, but he did it in his old-time form yesterday, giving only two hits in the first five innings.

Slugging was more in order for the remaining games. Chicago Cubs came back to beat Cincinnati 13 to 11 after the Reds had scored nine runs in the second inning. Washington's second place team scored six times in the fifth to defeat Philadelphia's American League champions, 9 to 4.

St. Louis and Cleveland divided a third place tie, the Browns collecting seventeen hits as they won the first game, 11 to 5, and the Indians unleashing a twenty-hit attack to capture the second, 15 to 3. Chicago's White Sox did likewise, hitting safely fifteen times as they defeated Detroit 10 to 7 through a strong finish.

NATIONAL LEAGUE

St. Louis, Mo., Sept. 29.—Young Jerome (Dizzy) Dean, late of the Western and Texas Leagues, making his first start in the national league, yesterday pitched the Cardinals to a 3 to 1 victory over the Pittsburgh Pirates in the final game of the season.

Dan allowed only three hits, while his southern rival, Larry Fehr, was limiting the Cardinals to five.

Pittsburgh R. H. E.
St. Louis 1 3 0
Batteries—French and Boal; Dean and Smith.

Brooklyn, N.Y., Sept. 29.—Hollis Thurston had a great day as Brooklyn and Boston wound up the national league season here. His pitching held the Braves safe with eight hits and his hitting was the big gun of the Brooklyn attack, which netted a 6 to 3 victory.

Boston R. H. E.
Brooklyn 3 8 0
Batteries—Shardel, Spohrer and Spohrer; Thurston and D. Berry.

Chicago, Ill., Sept. 29.—The Cubs closed their unhappy national league season by outlasting Cincinnati, to win by 13 to 11, and complete a sweep of the four-game series.

While their revenge came too late, the Cubs finally cracked the jinx that has much to do with beating them out of the pennant. Yesterday's victory was not accomplished without a great struggle. The Reds jumped on Guy Bush for nine runs in the second inning, but the Cubs chased him in the sixth and finally wound up on Bennis Frey for five runs and victory in the eighth.

Chicago R. H. E.
Cincinnati 11 13 0
Batteries—Johnson, Fry and Gooch; Tenenaut, Petty, Bush and Harnett.

New York, N.Y., Sept. 29.—The Giants defeated the Phils in the final game of the season between the two clubs by a one-run rally in the tenth, the final score being: New York 7, Philadelphia 6.

As Brooklyn also won the Giants clinched third place.

Bill Terry failed to make a hit during the game and he remains tied with Frank O'Donohue who established the mark in 1920 with 234.

New York R. H. E.
Philadelphia 6 10 2
Batteries—Mulligan, Elliott and Bennis; Hering, Mitchell, Fitzsimmons, Walker and Hogan; O'Farrell.

AMERICAN LEAGUE
Boston, Mass., Sept. 29.—Out at Fenway Park yesterday 18,000 fans heard the announcer about the battery for the New York Yankees. "Ruth and Bengough." The crowd thought they were kidding. Nine innings later they cheered their bats off for George Herman "Babe" Ruth, the master home (Continued on Page 14)

Rochester Wings
Win Fourth Game Of Little Series
Rochester, N.Y., Sept. 29.—With their aged right hander, Paul Derringer, pitching invincible ball, the Rochester Red Wings turned in their third successive little world series victory over Louisville here yesterday, winning 4 to 0. The series now stands 3 to 1 in Rochester's favor.

What to Do

Burned food means a careless cook. Cheap kitchen utensils are poor economy. A bag of salt heated fairly hot and placed on the face will often cure a toothache.

A flour dredge is an absolute necessity in the kitchen equipment if you want your gravies to be smooth.

Two-in-one

New winter footgear makes a habit of using a couple of materials, fancy skin and plain or leather and fabric. The one-sided trim is new and desirable.

Jumper Frock

A lively tweed, in orange, beige, brown and gold-yellow flecking, is made jumper, with a couple of waist, one orange, one beige, to give it a change.

Popular Colors

Among the galaxy of colors in the new styles, tones of green, brown, navy and wine are outstanding for popularity.

Guide Company Is Formed At Prince George

While in Prince George recently, Mrs. L. A. Genge of Victoria, at the request of Mrs. Curtis Sampson, provincial representative meeting of women at the home of Mrs. C. R. Crystall and spoke of the aims and object of the order. The result is that there is hope of a new chapter being formed in the north. Being enthusiastic for guiding, Mrs. Genge also spoke on that subject at the Central and High Schools of Prince George, stressing the value of character formation and development among children which this movement produces. Through the courtesy of the scoutmaster, enrollment was held in the scout's headquarters, a brown owl, two guides and two guides being received. The enrollment was preceded by a short talk by Mrs. Genge. Of particular interest was the enrollment of the first guide, Elizabeth Robertson, the granddaughter of the late Mrs. Rocke Robertson, for whom the chapter in Victoria was named, which has offered to sponsor the new company of guides. Mrs. Genge is representative of the Margaret Rocke Robertson chapter.

Beauties of West Coast to Be Shown By C. L. Harrison

Under the auspices of the tourist trade group of the Victoria Chamber of Commerce, C. L. Harrison will deliver an illustrated address on some of the beauties of Vancouver Island next Friday at a special luncheon in the chamber's dining-room. Mr. Harrison will pay particular attention to the west coast of the island, showing slides of many fine beaches south of Banfield. With a highway from Victoria to Banfield it would be

YOUR BABY and MINE

Mrs. Eldred will be glad to answer all questions pertaining to babies and children. A stamped and self-addressed envelope forwarded to this office will bring a personal reply.

TEACH BABY HOW TO HANDLE HOUSEHOLD TREASURES

To put everything in the home out of baby's reach is neither possible nor desirable. It is better to teach baby from the very first how to handle the articles with which he has to live daily. Instead of trying to prevent such handling and punishing him when he does, Mrs. A.M. is going through this period, or is just about to, with her eleven months old baby. She wants to know how to keep baby out of things she doesn't want him to touch. "I have a low chair and table and open bookcases in my living room," she writes, "and if I turn him loose in the room everything has to be fixed so he can't touch it. Despite all his interesting toys, he always turns to the tables and bookcases when he is down. I have never given him cod liver oil, but he has a good coat of tan and is strong and straight-limbed. Shall I do that this winter? Should water be kept cold, after boiling, to keep it pure? He has been slightly chafed around the buttocks lately and his breath is bad. I think more teeth are coming in."

DIRECTING CURIOSITY

I feel sure, Mrs. A.M., that the leaflet, "How to Direct a Small Child's Curiosity," will be of help in directing your management of the child during this period. Then you will be certain that he is learning what you know he must learn and still not damage your treasures. A self-addressed, stamped envelope enclosed with the request will bring this leaflet to any reader.

You can't keep a baby away from your household gods indefinitely. If you slap, the child learns nothing except to wait until the slapper is out of the way before delving into the forbidden places. Patiently and consistently teach him how to handle the objects. Let him take the books and look at them and carefully put them back, and then give him his own books, which he can handle as he pleases. He very early learns to be careful of all the things which his mother says are hers. We must admit a child's intelligence; we must work with him and not against him to get the right results.

CORRECTING ACIDITY

The mischievous child who turns the house upside down when the disciplinarian is out of sight hasn't enough liberty of action when the mother is around. He hasn't learned how to satisfy his curiosity in a legitimate and not harmful way.

Your baby's diet is excellent. For the time being, while the teeth are being cut, dilute the milk a little, perhaps skim some of the cream. Increase vegetables and fruits which are alkaline after digestion and overcome this excessive acidity you complain of. Cut down on heavy (acid ash) food for the time being, and give more of the alkaline ash foods to better balance the diet. As soon as the teeth are through (in a few days, at most) you should be able to return to the ordinary diet. Water boiled ten minutes is pure and will remain that way in any temperature if kept covered. Give the cod liver oil this winter.

STOVES' HOODS WILL DRAW OFF KITCHEN ODORS

By William H. Baldwin

Another of the conveniences of the modern kitchen is the hood for the stove, which is effective in drawing off kitchen odors. In order to purchase a hood, it is necessary to go to your local sheet metal worker, who will install it if the proper outlet is available. The factors which should determine the kind of material to be selected are ease of working the material into shape. Price naturally is a factor, but if the hood will rust, easily or if considerable effort is required to keep it clean, then the housewife will do better by paying a bit more for another material. Hoods are made in copper, steel, enameled iron with nickel-plated trimmings, and in nickel alloys. If ordering steel, it is advisable to have it painted to avoid rusting.

TO BE MARRIED

MISS GRACE WITTY daughter of Mr. and Mrs. William Witty of Metcalfe, whose engagement to Mr. Lawrence Conklin of Seattle was recently announced.

Tag Day Proceeds.—As result of Saturday's tag day, the sum of \$272.17 will be added to the Dr. O. M. Jones Chapter I.O.O.F. Milk Fund. The chapter is grateful to all who gave towards the fund and to those who contributed their services as taggers.

ADVERTISE IN THE VICTORIA DAILY TIMES

**FAMOUS IRISH
TENOR SINGS
AT DOMINION**

John McCormack's Glorious
Voice Heard in Eleven Num-
bers in "Song O' My Heart"

John McCormack, one of the greatest tenors of any age, and certainly one of the greatest living to-day, made his talking picture debut to Victoria audiences at noon to-day at the Dominion Theatre, where his much heralded picture, "Song O' My Heart," will play until Saturday night. Victoria theatre patrons, and even others who seldom attend a modern talkie, have been looking forward for weeks to the time when the famous Irish singer would appear here in his first motion picture role. His glorious voice is heard to perfection in eleven beautiful songs which are sure to captivate Victorians as they have captivated audiences in all the great cities of the continent where his picture has been presented.

McCormack sings his songs, eleven of them, and performs his role with ease. In fact the way that the songs are worked into the picture is so logical, one goes away with the thought of a beautiful romance fulfilled, enhanced logically by the vocal beauty of the world's favorite tenor.

Some of the songs are old favorites, unforgettable ballads which most people have heard him sing on his concert tour. But there are a number of new lyrics, a few operatic arias heard in a concert sequence which will appeal because of McCormack's superb, soulful rendition.

Brentwood

The South Saanich Young People's Society met at the home of the Misses Heyer, Verdier Avenue, on Thursday evening in compliment to Miss Margaret Mitchell and Albert Hafer, two popular members of the society, who are to be married shortly. A happy time was spent in games, contests and music. During the evening the guests of honor were the recipients of a handsome framed picture, the gift of fellow members. The presentation was made by the Rev. Mr. Keyworth. Refreshments were served by the Misses Alma and Ida Heyer, assisted by Miss Christie McNab and Miss Sadie Patterson. Those present were Mrs. L. Hafer, Mrs. McNab, Mrs. A. Patterson, Rev. and Mrs. Keyworth, Mr. and Mrs. Stoddart, the Misses Margaret Mitchell, Sadie Patterson, Mertha Snider, Christie McNab, Lillian Deering, Violet McNelly, Alma and Ida Heyer and Albert Hafer, George Hafer, Roy Heyer Alfred Shiner, Bert Greenhaigh and Bob Smith.

Mrs. and Mrs. G. Sluggert have left to reside in Victoria for the winter months.

Mrs. Hodgson and family of Esquimalt were the guest of Mrs. Atkins over the week-end.

Bobby Genge of Vancouver, formerly of Victoria, who, with his bride, has been spending a short holiday on the island, visited a number of old friends at Brentwood.

Where To Go To-night

ON THE SCREEN
As Advertised
Capitol—Ruth Chatterton and Olive Brook in "Anybody's Woman."
Coliseum—"The Virginian," starring Gary Cooper.
Columbia—Al Jolson in "Say It With Songs."
Dominion—John McCormack in "Song O' My Heart."
Playhouse—"Embarrassing Moments," featuring Reginald Denny.
Crystal Garden—Swimming and Dancing.

**Reginald Denny
At the Playhouse
In Clever Comedy**

"Embarrassing Moments"
Will Show All Week With
Splendid Supporting Cast

The newest Reginald Denny comedy, "Embarrassing Moments," is a talking picture with rapid-fire dialogue and side-splitting lines. Denny has pretty Merna Kennedy, heroine of the super-picture "Broadway," as his chief support.

The story is based on the "trial marriage" theme. The girl, home from art school, tires of her stodgy village life and her small town fiancé. She invents a mythical "husband" and tells her family she has entered a trial marriage with one "Thaddeus Cruikshank."

Also on the same bill is "Call of the West."

Luxton

Mr. and Mrs. R. Squires, Lakehill, were recent guests of Mr. and Mrs. H. Clark.

The Misses Doris and Violet Anderson, Luxton Road, entertained last week in honor of their father, A. D. Anderson, at a birthday gathering. Games and music were enjoyed. The guests included Mr. and Mrs. Alan Collier, Mr. and Mrs. Geo. Deacon of Victoria, Jud King (Malahat), B. Richards, S. Anderson, Miss Ruth Anderson and Masters Edward Edwin and Gilbert Anderson.

With the directors as conveners and hostesses, the Luxton and Happy Valley Women's Institute held their first card party of the season Saturday evening in Luxton Hall, with an attendance of over forty. J. Trace was master of ceremonies, the winners for 500 being Mrs. R. Brown and A. Hobbs, while consolation were given to Mrs. M. Cooper and A. E. Taylor. High score in bridge was held by Mrs. J. E. McDonald, Savory and W. P. Clark Sr.

Autumn flowers with ferns were used for decorating, and refreshments were served at small tables.

Community singing, with Mrs. P. Goodsell at the piano and P. Goodsell accompanying on the cornet, concluded the evening's entertainment.

Spent last week-end at their Glen Lake residence.

"The Virginian"
With Fine Cast
At the Coliseum

Gary Cooper and Mary Brian
Play Leading Roles in Story
of Ranch Life

Audiences at the Coliseum Theatre will have the opportunity this week to learn whether preview critics were correct when they said that "The Virginian" is "The Covered Wagon" of all-time talking pictures. The Owen Wister classic of pioneer days on the western cattle ranges has all the earmarks of an epic film. The manner in which it is acted, the pictures, and which has since been termed the greatest American romance, enjoys the distinction of being the first all-outdoor play to be recorded on the audible film.

But its greatest claim to all-time honors lies in its general perfection in every department. There is a great cast—Gary Cooper, Walter Huston, Richard Arlen, Mary Brian, Eugene Pallette, Chester Conklin, E. H. Calfert, Helen Wagon—a superb group of artists who have proved their worth on the stage and the talking screen. There is masterful direction, by Victor Fleming, a genius in his art. There are gorgeous settings—the real out-of-doors of the pine-dotted cattle ranges of the old west. There is tense drama, rich in the telling of the tale, and the theme is one which deals with an exact chapter in American pioneer days.

CHRISTIAN SCIENCE CHURCHES

"Reality" was the subject of the lesson-sermon in all Christian Science churches and societies on Sunday.

One of the scriptural texts contained in the lesson-sermon was, "The night is far spent, the day is at hand; let us, therefore, cast off the works of darkness, and let us put on the armour of light" (Romans xiii 12).

Following the reading of the Bible texts, passages were also read from "Science and Health With Key to the Scriptures," by Mary Baker Eddy, one passage being the following from page 510: "Truth and love enlighten the understanding, in whose light shall we see; and this illumination is reflected spiritually by all who walk in the light and turn away from a false material sense."

SHIRLEY

Mrs. Ted Banner and children were at Shirley during the week.

Mr. and Mrs. Stanley Clark, Hamilton Road, Victoria, were recent visitors at Shirley.

Mrs. E. H. Cross is the guest of Mrs. T. Banner, Blackwood Street, for a couple of weeks prior to leaving for Saskatchewan.

Mrs. H. F. Anderson has her mother, Mrs. MacLachlan, of San Francisco, visiting her, also Mr. and Mrs. George MacLachlan, of Palo Alto, California.

Miss Alice George was a recent visitor at Shirley.

Capt. and Mrs. Peterson and family were visitors at Malahat Farm last Sunday.

Mrs. E. Clark and Edwin Clark Jr. were recent visitors in Victoria.

C. Trotter was in Victoria for the week-end.

AT THE DOMINION

JOHN MCCORMACK
the famous Irish tenor, who is appearing at the Dominion Theatre all this week in "Song O' My Heart."

**3,000 LABRADOR
PEOPLE FACING
FOOD SHORTAGE**

Halifax, N.S., Sept. 29.—Three thousand persons, men, women and children, face starvation on the coast of Labrador during the coming winter unless the government provides relief, according to Capt. Samuel Cox of Halifax, master of the schooner Silver Thread, which has returned here from a trading voyage to Labrador. This season's cod fishing there, the worst experienced, was a failure, he said.

Colwood

With an attendance of over 200, the Wilfert's Lumber Social Club began its season's entertainments with a successful card party and dance Friday evening in the Colwood Hall. P. W. Wilfert, on behalf of the club, said it was the object of the club to improve its social entertainments each season.

Progressive 500, convened by T. S. Clark, resulted in the following prize winners: Ladies, first, Miss McCullough; second, Mrs. Pagan; gentlemen, first, P. H. Sundin; second, W. Moyser.

The varied dance programme was rendered by Pitt's orchestra, as enjoyed by the many dancers. V. A. Green was the master of ceremonies.

In the tombola awards the following were the winners for the chocolates: Misses Peggy Green and L. Sandick, Mrs. P. Forman, Messrs. Albert Gibson, W. Green, P. Guest and J. Robinson. The cord of wood donated by the Colwood Wood Company was won by W. Gibbs.

The committee responsible for the evening's entertainments included P. H. Sundin (chairman), P. W. Wilfert, G. M. Piercy, T. S. Clark, V. A. Green, J. Miller, J. H. Swallow, G. Pagan, P. Forman, and W. Moyser, with the assistance of Messrs. G. M. Piercy, J. Hopwood and H. Parker.

TWO FLIES LOSE LIVES

Baltimore, Sept. 29.—Two Baltimore men were killed at a suburban airport at Catonsville yesterday evening as a monoplane in which they had started on a flight went into a tailspin at a height of 500 feet and crashed. The bodies were identified as those of Robert Lynch, thirty, and Edward O'Connor, nineteen.

**Al Jolson Plays
Leading Role At
Columbia Theatre**

Popular Singer-actor Appears
With Marian Nixon in "Say
It With Songs"

The spectacular prison scenes for Al Jolson's new Warner Brothers Vitaphone, all-talking and singing picture, "Say It With Songs," now at the Columbia Theatre, brought forth the oldest collection of extras ever assembled on a Hollywood lot.

The three hundred men who worked for several days and nights as convicts in the reproduced Sing Sing prison on the big sound stage were divided roughly into three groups.

First came ordinary types of varying ages and colors. For the second group the call went out for men willing to have their heads shaved in the fashion of newly arrived convicts in the New York prison, extra pay being offered for those who volunteered.

The third group might have been called "Americanized" convicts, the famous French war veterans' society known in a loose translation as "The Society of Busted Mugs." Numerous men with scarred faces were included.

**FOREST FIRES
TAKE BIG TOLL**

B.C. Fires This Year Nine-
teen Per Cent More Than
Ten-year Average

Forest fires in British Columbia during 1930 totaled about nineteen per cent more than the average for the last ten years, according to a statement by P. Z. Caverhill, chief forester, in his weekly report to the Minister of Lands. The hazardous period was longer by twenty days than the usual time of critical conditions.

The forestry department report shows a total of 2,219 fires in the season, as compared with 2,011 last year and 1,860 in 1928.

Fire damage has been roughly estimated at \$1,000,000, involving destruction of about 250,000,000 feet of timber. Although the actual number of fires was much greater this year than in previous seasons, the damage to timber was not much greater. It is believed, due to efficient fighting of fires.

**BOYD TESTS
OCEAN PLANE**

Harbor Grace, Nfld., Sept. 29.—Unfavorable weather over the Atlantic held up Captain Errol Boyd and Navigator Harry Connor yesterday, preventing their hop-off for England, but the fliers took to the air aboard their monoplane, Columbia, yesterday afternoon for a test flight.

They remained up an hour and a half, testing the instruments, flying to St. John's and returning to this airport. No landing was made at St. John's, the aviators circling the city several times. They flew out the Narrows, circled Cabot Tower on Signal Hill, and returned to Harbor Grace to await favorable weather for their transatlantic hop.

**RUM SEARCH ON
STATE BORDER**

San Francisco, Sept. 29.—When Clara Bow sent her cheque bouncing back to Calumna Lodge she unintentionally started a prohibition investigation along the California-Nevada line. Reports of free-flowing liquor at border resorts, accompanied all the talk about the "R" girl's luck at blackjack and her cheques which failed to foot the bill. This was enough to start federal prohibition agents on a quest for liquor in resorts along the line. Administrator Wm. G. Walker, whose territory includes both states, said: "The investigation is under way, headed by Col. George Seaver, chief enforcement officer."

DISTURBER HUNTED

Police are seeking the person who threw a bomb of evil odor into the auditorium of the Columbia Theatre on Hastings Street East at 8 p.m. Saturday. According to the report, the patron of the moving picture house were forced to leave hurriedly.

**\$7,500 PRIZE
FOR AVIATOR**

Detroit, Sept. 29.—Including flights totaling 4,500 miles over the western United States and Canada without a serious mishap, the 1930 National Air Tour was hailed to-day as the most successful of the six held since 1925.

The eighteen contesting planes, with the twenty accompanying ships, completed the last hop from Cincinnati Saturday afternoon with Harry L. Russell, Detroit, both first over the line and first in number of points scored on the seventeen-day tour. His 68,875 points piled up in the scoring system, which emphasized both speed and reliability, was far in excess of any other pilot's score and he was awarded the \$7,500 cash prize and the Edsel Ford Reliability Trophy, which goes each year to the winner. He flew a Ford tri-motored monoplane.

**Man Accused
Of Killing Women
Puts End to Life**

Virginia, Minn., Sept. 29.—The body of a man identified as Victor Ketunnen, thirty, suspected slayer of two Virginia women, was found in a clump of bushes near the city limits yesterday with a bullet hole through the head and a pistol at his side. Authorities pronounced the case suicide. Ketunnen, an automobile salesman, had been the object of a search following the finding of the bodies of Mrs. Lydia Ahlgren, forty-five, and Mrs. Mabel Hoy, forty, on a road near here September 19, and the finding of Ketunnen's bullet-marked automobile abandoned on a Virginia street.

DARING DRAMA WITH POPULAR STAR PLAYING

Capitol Shows Ruth Chatterton All This Week in "Anybody's Woman"

Everybody's favorite among the film celebrities has become "Anybody's Woman" Ruth Chatterton has been "Madame X," "The Laughing Lady," and the Sarah of "Sarah and Son."

As "Anybody's Woman," which opens to-day at the Capitol Theatre for six days, she is co-starred with Clive Brook in a play that is redolent of realism, a play that is drenched with daring drama.

"Anybody's Woman" is the story of

the vagrancies of a misfit marriage. Brook plays a wealthy and cultured young lawyer, who, disappointed by the faithfulness of the wife who has just divorced him, goes on a prolonged binge in the metropolis.

At a cheap theatrical hotel he meets Ruth Chatterton, a broken-down show girl. During the progress of a wild party in which Brooks is insensibly drunk, practical-jokes, companions manage to have Brook and Ruth married.

Confronted with the reality of the situation the next day, Brook manfully decides to go through with this unbalanced alliance. Before long Ruth finds that she really loves him, since he is the only man who had ever been gentlemanly with her. He, however, is indifferent to her.

ONTARIO TOBACCO CROP

Simcoe, Ont., Sept. 29.—In spite of lack of rain when it was most needed and a hailstorm which wrought heavy damage in the centre of the tobacco district, Norfolk county's crop of fine-cured tobacco this year will bring a return to the growers of between \$3,000,000 and \$3,000,000. The yield is not expected to exceed that of 1929, even though about 15,000 acres were under tobacco this year as compared with 10,000 last year.

DRURY LANE TO CHANGE HANDS

Sir Alfred Butt May Not Renew Contract of Famous Theatre

By Thomas T. Champion, Canadian Press Staff Correspondent

London, Sept. 29.—Sir Alfred Butt, one of the most noted London theatre entrepreneurs, told the stockholders of the Drury Lane Theatre yesterday that proposals were afoot which might prevent him from renewing his contract with the famous playhouse.

The Drury Lane, like many other amusement centres, has had its share of hard times recently despite efficient management.

The theatre had its inception in the granting of a royal charter by that merry and amusement-loving monarch Charles the Second. For fifty years, culminating in the Great War, it attracted world-wide attention by its elaborate presentation of Christmas pantomime and drama. These in-

cluded sensational effects such as train crashes, shipwrecks, mighty explosions and inundations—in fact, almost every kind of upheaval which could be "perpetrated" with perfect safety to both actors and beholders.

But when the stockholders yesterday suggested these gaudy spectacles could be revived Sir Alfred turned the idea down emphatically. And it is a pungent commentary on the changing times that he said the cinema had forced a transfer of melodrama from the stage to the screen, which possessed more facilities for exploitation.

Sir Alfred Butt said he had read hundreds of plays in an effort to discover a "go" but none, he found, would justify the enormous cost involved in a Drury Lane production.

HUNGER STRIKE ENDS

Mexico City, Sept. 29.—One hundred and twenty-one employees of the street cleaning department, who had remained foodless for four days on hunger strike in the federal district building, ended their strike yesterday. The government promised to study the cases of fifteen street cleaners discharged recently and to recommend the reinstatement of the deserving ones. The hunger strike was started in protest against the discharge of the fifteen white wings.

PREPARING LAW FOR LIBRARIES

Public Library Commission Will Extend Provincial Service in Northern Areas

A new Public Libraries Act is being prepared by the Public Library Commission for submission to the next session of the Legislature. The new measure will provide for regulation of municipal libraries and library associations and also for the union of libraries in districts, such as the Fraser Valley provincial scheme now being organized under the direction of Miss Helen Stewart, with financial aid provided by the Carnegie Foundation.

The Library Commission commenced consideration of the new measure last week at a special meeting at the Provincial Library, and will continue the work on Wednesday in Vancouver. The commission was re-organized last spring and now consists of H. Norman, chairman, Mrs. Margaret L. Boyle and John Hesse, provincial librarians.

NEW SERVICE

The Library Commission has decided to extend the services of the provincial library to the growing communities along the route of the National Railway, with financial aid provided by the Carnegie Foundation. The new service will be inaugurated on Tuesday at the home of Mrs. J. M. Mout, Ganges, in connection with the Northern Interior districts to be served.

Ganges

Mrs. H. T. Peter of Ganges left on Thursday for the Princess Royal for Vancouver, where she will be the guest of Mrs. Heritage for a week.

The members of the ladies' auxiliary to the board of the Gulf Island Hospital, Ganges, will hold a miscellaneous shower at the hospital on Tuesday, September 30. Afternoon tea will be served by the ladies.

Mrs. D. Layton and son, who have been visiting in Victoria, returned to Ganges on Tuesday and are guests at Harbor House.

Mrs. V. Pile, Ganges, returned home on Tuesday after a few days' visit to Vancouver.

Miss Evelyn King of Beaver Point has returned to the Island after spending two weeks in Vancouver with her sister, Mrs. Loxton.

Kenneth Bailey of North Salt Spring left on Tuesday for Vancouver after spending several months with his parents here.

Major and Mrs. Justice and Miss Glen Justice of Victoria, returned to the Island on Tuesday from Victoria, and will spend a week or so visiting relatives.

Miss Myrtle Robb of the "Cranberry" arrived on Tuesday from Victoria where she has been visiting friends.

Mrs. Hardy of Vancouver has been spending a week or two on Salt Spring the guest of Dr. E. M. Sutherland, Ganges Hill.

Mrs. Theurillier left Ganges on Monday on a visit to Victoria.

Mrs. Desmond Crofton has returned to Ganges after spending a week in Vancouver.

Phil De Bruyne arrived at Salt Spring this week on a few days' visit to friends in the Cranberry district.

William Coopie is spending a week with relatives at Fulford Harbor.

Mrs. G. Devours and daughter, Joan, left this week on a week's visit to Victoria, where she will be the guest of Mrs. D. Johnson, Oak Bay.

Mr. and Mrs. T. Isherwood and small son, who have been guests of Mr. and Mrs. W. Cearley at Fulford for a month, left this week for Victoria.

Miss Dane has arrived on Salt Spring to take up the position of teacher at the Ganges Junior Public School.

The following guests have been registered at Harbor House recently: Mr. and Mrs. Orgherson of Victoria, Mr. and Mrs. Scott Ritchie, Mr. and Mrs. C. W. Tolson and G. H. Hargrave, Victoria; Miss Alexander and Cripple House, Vancouver.

Mrs. K. G. Halley of Point Grey, Vancouver, arrived this week at Ganges, where she will be the guest of relatives for a few weeks.

Mrs. Layard of Deep Cove arrived on Monday on a visit to her relatives, Mr. and Mrs. N. Wilson of Barnsbury, Central Salt Spring.

Miss Kathleen Roberts of Victoria has been the guest of her relatives, Mr. and Mrs. E. G. Akerman at Burgoyne Valley for two weeks.

Mrs. H. A. Munn and her daughters, the Misses Gertrude and Isabel Munn, have returned to Victoria after spending two months on Salt Spring Island.

Dr. and Mrs. Lewis Hall, who have been visiting on the Island, have returned to their home in Victoria.

J. C. Lang of Fernwood, North Salt Spring, has returned home from Sidney, where he has been the guest of Major and Mrs. Buck for a week.

Mrs. D. S. Harris, Ganges, has been spending a few days in Vancouver, visiting her son, Douglas Harris.

Mr. and Mrs. Mrs. Hest of Fulford have been absent on a two weeks' motor trip.

The dance held at Harbor House recently was most enjoyable and successful, nearly sixty guests being present, including Capt. and Mrs. J. Mitchell, Mr. and Mrs. D. Layton, Mr. and Mrs. Spriford, Mr. and Mrs. Wm. Palmer, Mr. and Mrs. Fellow, Miss D. Moorhouse, Misses Lott, Shirley and Claire Wilson, N. Turner, E. Kingsbury, B. Toolman, V. Hamilton, Mrs. G. Borradale, Dorothy and Nancy Elliott, N. Wood and Mrs. C. F. Roberts, T. Borradale, Colin King, Ian Halley, R. Hest, H. Hest, D. Fraser, R. Matthews, J. Altmann, F. and R. Morris, D. Goodman, L. Nicholls, L. Mout, J. Howe and others.

Mrs. Easton as her daughter, who have been visiting Mr. and Mrs. D. Tweedhope at Ganges for about ten days, have returned to their home in Nanaimo.

Miss Claire Wilson of Ganges left on Monday on the Princess Royal on a visit to friends in Victoria.

The members of the Guild of Sunshine held their monthly meeting September 20 in the Guild room, Ganges Harbor. Members present included Mrs. G. J. Mout, president; Mrs. H. W. Forster, secretary; Mrs. W. M. Mout, treasurer; Mrs. F. Stacey, Mrs. H. Johnson, Mrs. W. Allan, Mrs. H. Turley, Mrs. F. Wagg, Mrs. E. Parsons, Mrs. J. Bennett, Mrs. H. Boon, Mrs. J. Mout, Mrs. T. Shore, Mrs. G. C. Mout, Mrs. W. Bond, Mrs. F. Nelson and Mrs. E. Lumley. After the conclusion of the usual business, plans were made

The Screen's Perfect Lovers Are Together Again In a New Dramatic Smash!

All-talking

A NOBODY out of nowhere — yet the wife of the city's most brilliant lawyer! A magnet for every man in town — yet scorned by the one man she loves! Smart, rich, gay — yet afraid to call her husband her own! Tender, womanly — yet forced to fight for love. The incomparable dramatic actress of the talking screen — in her greatest triumph!

EX-PRINCE OF BAVARIA DIES

Berlin, Sept. 29.—Ex-Prince Leopold of Bavaria, a field marshal of Germany and commander of the German army in the east during the earlier stages of the Great War, died yesterday. He was eighty-four years old. Death was caused by pneumonia.

He played an important part in the war as a German general in Russia, and Poland, leading the army that captured Warsaw in 1915.

After his soldiers had occupied Warsaw, he was appointed commander-in-chief of the German eastern army, succeeding the then General von Hindenburg, who was made chief of the general staff.

CANADA RUGBY TEAM TO TOUR JAPAN IN 1932

March and April Set For Series Against Nippon; Easterners to Be on Team

Wanderers to Play Senior Rugby Here; R. Woodward Canadian Secretary

When it's cherry blossom time in Japan in 1932, an all-Canadian English rugby team will visit there. It was learned by Fred Cabeldu, secretary of the local rugby union, during his visit to Vancouver over the week-end. The tour will be made in response to the official invitation of the touring Imperial Japanese rugby team, which has just completed its series in British Columbia, and will be made during the months of March and April.

The latest advice regarding the proposed trip states it would be made a year later than anticipated. The team will not be picked entirely from British Columbia, but will include some of the boys from the eastern provinces, about

twenty-five players will make up the team.

Taking into consideration the words of the Japanese players and officials, Victoria should stand a good chance of having fair-sized representation on the team.

The Nipponese declare that the games in the capital were the hardest they played during the series, not excepting the one against the British Columbia rep squad.

Cabeldu also said that Reg Woodworth, well-known Vancouver rugby official, had been appointed secretary of the Canadian Rugby Union. This should tend to centralize English rugby in the Dominion to an even greater extent in British Columbia. It should also ensure this province a considerable amount of influence in the councils of the national body and should play a large part in the selection of several coast players for the Japan trip.

On Sunday, Vancouver and Victoria rugby enthusiasts were entertained by an impromptu newscast presentation in Vancouver. During his "show" the manager flashed several action pictures of the Japanese on the screen. In addition to shots of the Nipponese in action in their own land, he showed several pieces of the games in Victoria and Vancouver, as well as scenic views taken around the capital during the team's visit.

Speaking of the local league, Cabeldu this morning stated that three teams would swing into action in the senior division this year. The Canadian Scottish and J.B.A.A. would be back in the list, he said, while the Wanderers were building up a team to make it a three-cornered contest.

Definite dates for the opening game had not been set, he added, saying that no matches would be played until the end of the Canadian Rugby season. However, the teams would have to start operations sometime during the latter part of October in order to get into shape for the first McKeen Cup game in November, he said.

KRUSE SCORES UNPOPULAR WIN OVER KARASICK

Portlander Gains Deciding Fall By Wild Plunge From Top Ropes

Leaping onto the back of his opponent from the ropes, after the latter had been told to go to his corner by the referee, Bob Kruse, Portland, gained the third and deciding fall in his bout with Al Karasick, Astoria, at the Tillamook gymnasium on Saturday evening.

It was a most unsatisfactory ending and was the result of poor work on the part of "Rocky" Brooks, the third man in the ring. Upon rising to his feet after being thrown, Karasick fell Brooks to the mat with one of the sweetest right hooks seen in a local ring.

The fans yelled with glee and a large number stormed the ring, but Chief of Police Fry and his flying squad took a hand in matters at this stage.

When the crowd had been quieted, Karasick apologized for attacking the referee, declaring it was done in a sudden burst of anger. The Russian was cheered as he left the ring.

KARASICK HAS EDGE
The end came in the fourth round with each wrestler having a fall apiece. Karasick was having the better of the argument and after Kruse had taken considerable punishment he ran to his own corner and sat on the top ropes all ready to kick Karasick if he came near. Referee Brooks got in between the two and ordered Karasick to a neutral corner. In the meanwhile, motioning Kruse to come down from his lofty perch. Karasick turned his back and Kruse made a flying lunge, carrying Al to the mat with a flying headlock. The Russian made a game effort to get up, but his shoulders were pinned to the mat and Brooks awarded Kruse the deciding fall.

Kruse gained the first fall in the opening round when he forced Karasick to pound the mat after he had taken considerable punishment from an arm crush. The tying fall came in the third round with Karasick pinning Kruse's shoulders to the mat after he had knocked him groggy with a series of rabbit-punches and reverse headlocks.

In the preliminary bout, "Rocky" Brooks won over Sam Pross, St. Louis, with an airplane spin in the third round.

Danny Pastro won over Clarence Bruce in the opening bout, gaining two falls.

CURTAIN FALLS ON MAJOR BALL LEAGUES WITH FEW FEATURES

(Continued From Page 5)

run hitter, who had returned to the pitchers box and twirled his mates to a 9 to 3 victory over the Red Sox.

It was the first full game Babe had pitched in nine years, but he had never done better back in 1916's and 1917's for the old Red Sox before the Yankees took him and he became the Yankees' star pitcher. The game has ever known. Hack Wilson may have grasped this year's home run crown from Ruth, but Mack could not have held a big league team to two scratch hits for the first five innings and not allowed a man to reach second until two were out in the sixth, as Babe did.

The Red Sox finished by making eleven hits, six of these came in the last two innings, when Ruth was just lobbing the ball across, coasting home behind a comfortable lead.

NEW YORK..... 9 16 1
Boston..... 3 11 0
Batteries—Ruth and Bengough, Russell, Lianbee and Heving.

WASHINGTON, D.C., Sept. 29.—Washington scored off three of Philadelphia's star pitchers to win its final game of the season, 9 to 4, thereby gaining the decision over the league leaders for the season twelve victories to ten.

Six runs-off Earnshaw in the fifth inning settled the contest. Walter Johnson's "surprise team," which captured second place in the league, also scored off Walberg and Grove.

PHILADELPHIA..... 4 7 3
Washington..... 9 12 2
Batteries—Grove, Rommel, Earnshaw, Walberg and Perkins; Crowder and Hagrave.

DETROIT, Mich., Sept. 29.—The Chicago White Sox defeated Detroit by 10 to 7 in the final game of the season, taking three out of four for the series.

Earl Whitehill left the game after pitching five innings and apparently had earned his eighteenth victory of the season, won the Tigers leading 7 to 2, but the Sox found Hogsett and Cantrell easy and game from behind to win.

CHICAGO..... 10 12 2
Detroit..... 7 11 3
Batteries—Stratton, Caraway, Moor and Grouse; Tate, Cantrell, Hogsett, Whitehill and Hayworth.

CLEVELAND, Ohio, Sept. 29.—The St. Louis Browns and Cleveland Indians broke even in a doubleheader to finish the season, each having won one of the two games.

The Browns slugged out an 11 to 5 decision in the first game, and the Indians did the same in the nightcap, 15 to 5.

First game—
St. Louis..... 11 7 0
Cleveland..... 5 14 1
Batteries—Stiles and Ferris; Nelson, Schottner and Spring.

Second game—
St. Louis..... 5 12 2
Cleveland..... 15 20 2
Batteries—Kinney, Gray and Croucher; Hard and Myatt.

COAST LEAGUE
Los Angeles, Sept. 29.—Hollywood made it six out of seven over Sacramento for the series by taking both of yesterday's games, 8-0 and 3-1. In doing so they increased their lead over the idle second-place Los Angeles club to seven and one-half games.

In the other game Hank Hulvey held the Solons to three scattered hits to win a shutout. In the nightcap Jim Turner outpitched Ray Thomas for the victory, his twentieth. Turner allowed two Senators four hits, while Thomas yielded five.

Dave Barbee got his fortieth home

San Francisco, Sept. 29.—The Oaks and the San Francisco Missions divided a doubleheader yesterday with the Missions taking the opener, 9 to 5, and losing the seven-inning nightcap, 3 to 1. The Oaks won the series, 4 to 3.

The Missions landed hard on Fred Edwards and Kaach for eleven hits in the first game, which they virtually clinched in the second inning when they bunched six hits for five runs. Harvey and Burns hit homers for the Missions, while Mellana garnered a circuit drive for the losers.

The Missions were unable to solve the offerings of Craghead in the nightcap. Craghead held them to two hits, while his teammates found Johnson for seven.

ADVERTISE IN THE TIMES

NEWS IN BRIEF

The annual meeting of the Oak Bay Conservative Association will be held this evening at 8 o'clock at the Conservative rooms, Campbell Building.

The dinner of the Vancouver Island Tennis League, which was to have been held this Wednesday, has been postponed a week and will be held at the Union Club on October 8.

Miss Margaret Mitchell was the winner of the special prize donated by Mrs. E. Roobon, Mount Newton, for the competitor securing most points in the ladies' work section of the North and South Saanich Agricultural Fair held recently at Saanichton.

Michael Manson, M.P.P., arrived in town to-day from Stag Bay, and humorously remarked that he was down to get posted on the fashion parade. The member for the Mackenzie riding said he expected to meet members of the government before he returned north. He is at the Dominion Hotel.

The Royal Commission on state health insurance and maternity benefits in British Columbia will commence preparation of its final report on October 14, the session being held at the Parliament Buildings. Written representations should be filed without delay with C. H. Gibbons, secretary to the commission.

To represent British Columbia at the Pacific Synod of the United Lutheran Church of America, Rev. Theodore A. Jensen, minister of Grace Lutheran Church of this city, will leave Victoria to-morrow for the conference at Milwaukee from October 7 to 15. W. H. Hoover of Vancouver will be the provincial lay delegate to the sessions.

Prospecting for coal or petroleum in the Peace River Block has been prohibited by the Provincial Government. An order-in-council extending to the new district the prohibition already effective in other parts of the Peace River District was passed by the Cabinet last week. No prospecting is expected to be allowed until the Government has established a policy regarding the area.

The Ancient Order of Foresters joint social committee will meet on Tuesday evening at 8 o'clock for the purpose of making final arrangements for their frolic and dance next Friday night, also to deal with a letter from the Knights of Pythias regarding the formation of a sports club between the fraternal societies. The meeting will start promptly at 8, and all members are requested to be present.

The city police are searching for the owners of several articles stolen from automobiles in the city, and recently recovered. Auto cushions, men's hats and coats are included in the list of goods, theft of which has not been reported. Any persons who have lost such articles within the last two months are requested to notify police headquarters, where they may retrieve their property on identification.

Members of the Anglican Young People's Association of Victoria gathered in St. Mark's Hall as the guests of the St. Mark's branch for one of the first social evenings and dances of their winter season on Saturday evening, Rev. C. J. Bull, vicar of St. Mark's, welcomed the guests for the evening and expressed the hope that the opening dance would be the first of a series to be held in the hall. Dancing was enjoyed by all who attended. Supper was served.

The next regular general meeting of the Naval Veterans' Branch of the Canadian Legion will be held at 8 o'clock Friday evening next in the club rooms, Johnson and Broad Street. Business will be of an important nature, including a notice of motion to change the dates of regular general meeting and to arrange dates for a series of smoking concerts for the winter season. All members are urged to be present.

Following is a complete list of all tombola drawings at the Rotary pagant: Wednesday night, 3849, 840, 1049, 5144, 4129, 3422, 5209, 5132; Thursday night, 4234, 2280, 3476, 4109, 1719, 2842, 547, 4082; Friday night, 4623, 3076, 1538, 4736, 1084, 984, 3379, 1384; Saturday night, 6775, 6732, 3913, 1019, 2982, 3396, 563, 3397; basket of candy, 232, silk pillow, 70; fruit dish, 9; pen and pencil set, 27; men's clothing, 608; electric radio, 871; ladies' clothing, 519; dressed doll, 91; fruit cake, 137; club bag, 155; Rogers' choon-lates, 95; ladies' handbag, 106; fern basket, 61.

Appointment by the provincial government of another special commission to inquire into financing of the University of British Columbia, is expected to be announced shortly. The legislature last spring discussed and approved appointment of a commission, but action was deferred by the government during the absence of Hon. Joshua Hinchliffe in England. The new body is expected to be given a dual role, and in addition to inquiring into future financial requirements, will report upon the government's responsibility to the university.

Y.M.C.A. NOTES

Women's and girls' swimming classes will commence at the Y.M.C.A. on Wednesday evening between 6 and 8 o'clock. At the earlier hour the younger group will be put through the fundamental lesson in swimming, with more advanced work for those who can already swim. An hour later the women's group will go to the pool. In addition to Archie McKinnon, physical director and swimming coach, Miss Pat Copeland will assist in the teaching.

To-morrow evening senior leaders' corps of Y.M.C.A. will hold its first meeting of the fall season in association at 7 o'clock. Norman Collins, president, will be in the chair and will lead the discussion on "The Year Ahead." On Thursday afternoon at 4:15 o'clock the junior corps will meet to draw up its programme.

In honor of Mrs. Audrey Griffin Kierman, former star Victoria woman swimmer, the Y.M.C.A. Swimming Club will hold a social at the association Wednesday evening, following the usual coaching period at 8 o'clock.

DAM DAMAGED BY HEAVY RAIN

Special to The Times

Nanaimo, Sept. 29.—Heavy rain Friday night caused considerable damage to the Mucklesons' dam, now in course of construction at Nanaimo River. A flume was washed away when the river rose to flow over a temporary dam built to catch the water while workmen laid a permanent foundation.

GYROS ENJOY TOUR REVIEW BY DR. DAVIES

High Lights of Italy, France and Switzerland Feature Luncheon Address

Gyros Will Again Conduct "Get a Vote" Campaign

"All the dry bones of history came to life as we walked over famous scenes of Europe. Every man should take a similar journey," Rev. Dr. Clem Davies declared this afternoon at the Empress Hotel when giving the Gyro Club a review of his recent European tour.

Commencing his narrative with arrival of the party at Gibraltar, Dr. Davies then jumped to Algeria which he said was the Los Angeles of Europe, but was a most ancient city, with modern buildings in the French area in striking contrast with the dirt of the Arab sections. Growing fast, the city had 1,500,000 people.

Italy IMPRESSES

Naples was described as scenically wonderful, and the Italians were declared to be splendid people. "You could see the hand of the great Mussolini in the discipline evident," he said, declaring the tour of Italy had been enjoyed more than any part of the tour other than Great Britain.

A visit was paid to Venice, and Dr. Davies touched briefly upon Pompeii, preserved in marvelous fashion when the pumice was removed.

Rome was described as "still the Eternal City," and St. Peter's Cathedral had aroused enthusiasm. Superlatives failed to describe impressions caused by Florence and its art treasures, which he believed would pay the cost of the war. Venice, with its canals and gondolas, was memorable.

In Switzerland the party visited many cities, the hotels being magnificent. A ride by rail 14,000 feet up the Jungfrau, and a visit to Geneva were made. Dr. Davies was interested to find that 731 seats for newspaper reporters were provided around the seats of the League delegates.

Returning to Italy, Dr. Davies said a spirit of freedom was evident everywhere, far exceeding the freedom enjoyed by individuals in the United States.

Austria, where the people were happy in enjoyment of the ordinary things of life, was visited prior to arrival at Oberammergau, where the famous Passion Play was given rather than acted by the villagers participants.

FRANCE PROSPERS

Arriving in France, the party generally began to feel a sensation of depression expecting to see wreckage of the war. No such signs existed, however, the French having promptly started reconstruction at the end of the war.

Dr. Davies believed England about to enter a crisis but would emerge stronger as a result of the economic Armageddon yet to be experienced by the nations of the world.

Bert Sibbald was chairman at the luncheon.

GET A VOTE

The Gyros will again conduct a "get a vote" campaign prior to the election, the plan being to obtain unanimous support when introduced by G. A. A. Hebdon and supported by Frank Burton, president.

OBITUARY

The death occurred yesterday of Catherine Maud, widow of the late William Henry Garrard Goodlake, Lieutenant, R.N., who died in 1878, and daughter of the late Samuel Julian Goodlake, of Victoria, B.C. Goodlake was seventy-eight years of age. The funeral will take place on Tuesday afternoon, the cortege leaving the Sands Funeral Chapel at 1:45 o'clock and at 2 o'clock services will be conducted at St. Mary's Church, Oak Bay, by Canon A. E. de L. Munns. The remains will be laid to rest in the Royal Oak Burial Park.

There passed away on Saturday at the Royal Jubilee Hospital, George Charles Cuthbert, aged ninety-three years, of Stelly's Cross Road, Saanich. The late Mr. Cuthbert was born in England and had resided in Saanich for thirty years. He is mourned by one daughter, Mrs. Freeland, with whom he resided. The funeral will take place on Tuesday afternoon at 2:30 o'clock from the Sands Funeral Home. Rev. J. S. A. Bastin will conduct the service after which interment will be in Ross Bay Cemetery.

The death occurred on Sunday at the residence of her son, 712 Cook Street, of Mary Annie Cameron, aged seventy-five years. The late Mrs. Cameron was born in England and had resided here for eighteen years. She is mourned by one son, James Cameron, with whom she resided. The funeral will take place on Wednesday afternoon at 2:30 o'clock from McCall Bros. Funeral Home. Rev. P. A. Ramsay will conduct the service after which interment will be in Ross Bay Cemetery.

The funeral of William Bull, who passed away last Tuesday, took place Saturday at 9:30 o'clock from the Sands Funeral Chapel. Relatives and a very large gathering of friends were in attendance and many beautiful flowers covered the casket. Rev. George C. F. Pringle officiated and the hymns sung were "Abide With Me" and "Nearer My God to Thee." The pallbearers were: C. W. Newbold, J. P. Nankiville, T. Grice, R. Dinadale, G. Watkins and J. R. Williams. The remains were laid to rest in the family plot at Ross Bay Cemetery.

Many friends attended the funeral of Arthur Bennett Griffin, which took place Saturday afternoon from McCall Bros. Funeral Home to St. Barnabas Church, where Rev. N. E. Smith conducted the service. The hymns "For All Thy Saints, O Lord" and "The Very Thought of Thee" were sung. Dr. J. E. Watson presided at the organ. Interment was in Royal Oak Burial Park. The pallbearers were: J. Munro, A. Hall, P. W. Godsal, J. Jones, A. McKenzie and P. Blackie.

Mrs. A. Cree, holder of the ticket No. 42, won the beautiful boudoir cushion drawn at the silver tea held on Saturday afternoon by the Oles Club of the Victoria Business and Professional Women's Club in aid of the Blakeburn relief fund.

NEW MINISTER WELCOMED AT CHURCH SOCIAL

Rev. Dr. C. T. Scott, recently appointed to the pastorate of the Metropolitan United Church, and Mrs. Scott received a warm welcome at the annual congregational gathering held on Friday evening in the Sunday School room. Arthur Lee presided at the gathering which was of a social nature, the very attractive musical programme including numbers by Mrs. Arthur Dowell, Mrs. E. M. Morton, Miss Dorothy Morton, Miss Allen, Mr. Adams and Dr. T. H. Johns.

Rev. Mr. Scott spoke in optimistic vein as to the coming year's work in all branches of the church activities. At the close of the programme refreshments were served under the direction of the ladies of the congregation, the affair proving one of the most successful in the history of the church.

PLANE SMASHED AFTER LANDING

Three Occupants Escape Injury in Mishap at Lansdowne Field

After a narrow escape with two companions from death when his plane turned over on the Lansdowne air field Saturday evening, Lee O. Cox of Chicago, was making plans to-day to ship his broken machine back to Seattle for repairs.

Both top wings of the plane damaged, the undercarriage and propeller smashed and the engine base cracked when it hit a hole and an old roller on the field when landing after landing from Vancouver, J. J. Martin and C. G. Hopper of Tacoma were passengers. Although the plane turned over, all three escaped by minor bruises.

Criticism of the condition of the air field was made to-day following the accident, although it was pointed out that the plane was off the marked runway when it crashed. The roller, made of two old gasoline drums, marked the hole in the field at one side of the main north and south runway.

Pilot Cox, who is divisional sales manager for the Conlon Corporation of Chicago, was making a tour of north-west airfields to familiarize himself with the landings when the crash occurred. He brought the plane down in a perfect landing and while taxiing back to the aerodrome hit the hole.

The machine is a Waco biplane with a 110 horse-power engine. It was travelling at about forty-five miles per hour when the accident happened.

MORE FOREST FIRES IN YEAR

Loss of \$1,000,000 Caused By 2,219 Forest Fires in British Columbia

Forest fires in British Columbia this year are estimated to have destroyed merchantable timber worth \$1,000,000, officials of the Provincial Forestry Department announce. The number of fires reported was ten per cent above the figures for the preceding year, being 2,219 compared with 2,011 in 1929, but standing timber destroyed is estimated at about the same figure, approximately 250,000,000 feet board measure.

Departmental officials say that the public is annually taking a greater interest in holding the loss of forest fires to a minimum, the co-operation of tourists and other motorists being commented upon in the weekly bulletin of the Department of Lands.

Some Indians near by heard the shot and on going into the house found Mrs. Henry dead with a rifle by her side. A bullet wound had penetrated her heart. She is reported to have had some domestic trouble of late and is believed to have taken her own life.

STOWAWAY ON PRINCE HENRY FACES COURT

"It was my only chance. I have been at work for a long time and I thought I could get a job in Seattle," said Osborn Fitzgerald, Vancouver, when arraigned before Magistrate George J. in City Police Court this morning on a charge of stowing away on the steamer Prince Henry.

Fitzgerald was fined \$20 or two weeks with hard labor.

Accused boarded the steamer in Vancouver, according to P. C. Tomlinson, C.N.R. constable. He was discovered trying to leave in Seattle and was arrested on arrival of the vessel here this morning.

BROMLEY MAY TRY OCTOBER PACIFIC HOP

He and Gatty Studying Weather Possibilities For Japan-Taooma Flight

Canadian Press

Tokio, Sept. 29.—Lieut. Harold L. Bromley and his navigator, Harold Gatty, flew their plane, City of Tacoma, from Shamsihiro to the Tachikawa Field, near here, early to-day and announced they were preparing for another attempt to fly across the Pacific before the middle of October, weather permitting.

The plane will be thoroughly overhauled and a new exhaust collector ring installed, replacing the defective part which caused them to turn back September 13 after having flown 1,200 miles eastward over the Pacific in an attempted non-stop flight to Tacoma, Dash.

CHANGE OF COURSE

A study of weather history over the North Pacific will determine whether they will make another start. If conditions are deemed favorable they will fly back to Shamsihiro for the take-off and plan to follow a more southerly course than before in order to avoid, if possible, the formation of ice on the wings.

NO SCORE IN OPENING GAME WITH ROYALS

Nanaimo, in Senior Football Fixture, Held Dominion Champs to Scoreless Draw

Special to The Times

Nanaimo, Sept. 29.—In ideal football weather before a crowd of 2,000 spectators, Nanaimo team marked their re-entry into senior football by playing a scoreless game with the Dominion champions, Westminster Royals, to-day.

Westminster dominated the play for the first five minutes, but the Nanaimo team soon got into their stride.

The second half started out with end to end play, but the staying powers of the younger Nanaimo players soon gave them the best of the play, which they held, except for the last five minutes, when the Royals put on a desperate spurt. The Royals managed to get one in the net only to be disallowed for offside, one of their players being on the ground right in the goal mouth.

Taking the game all through, a draw is a fair representation of the play.

Waggon, Edmunds and Boyd played a sterling defence game for Southend, and Tassin and Sandland were the pick of the forwards. For Westminster, Sanford, Turner, Coulter and Snedden were the outstanding players.

FOUND DEAD ON RESERVE

Mrs. Wilfred Henry, Indian Woman, Killed By Bullet Through Heart

Special to The Times

Duncan, Sept. 29.—An Indian woman, Mrs. Wilfred Henry, was found shot dead in her home on the Comlaan Reserve on Saturday. A coroner's inquest is being held to-day.

Some Indians near by heard the shot and on going into the house found Mrs. Henry dead with a rifle by her side. A bullet wound had penetrated her heart. She is reported to have had some domestic trouble of late and is believed to have taken her own life.

Nineteen Chinese Pay \$10 Each For Alleged Gambling

Cities aggregating \$190 poured into the City Police Court treasury this morning as the result of a raid by Chief of Police Fry and a squad of officers on a Chinese resort at 549-551 Pender Street Saturday night.

Nineteen Chinese found in the place were charged with being inmates of a common gaming house, W. C. Moreby, K.C., pleaded guilty for one-eighth of \$10 each and were assessed.

Nine Chinese found in No. 6 on the west side of Pan Tan Alley yesterday evening, found similar charges and were remanded to Thursday with \$10 charged as the keeper. Mr. Moreby also appeared in this case.

ALFRED GRANT OF QUALICUM DIED TO-DAY

Nanaimo, Sept. 29.—Alfred Whitton Grant, builder of Qualicum Beach, died in hospital here early to-day.

He was a native of Scotland, thirty-nine years old, and had resided at Qualicum for the last five years. The remains are at the Jenkins.

TO-DAY'S GRAIN MARKETS

(By Branson, Brown and Co. Ltd.)

Winnipeg, Sept. 29.—Wheat: The wheat market was quiet to-day with the market nervous and erratic while operations in the pit were largely professional in character. During the first period prices broke from 2 to 1 1/2 cents, then the close was around 2 1/2 cents, with prices showing the greatest weakness. On this break there was some excellent buying in evidence, but it was largely credited to short covering and at buying by the local crowd who were of the opinion that early decline was too drastic.

Offerings were heavy at the start but these were finally absorbed, the selling becoming light and the market reacted sharply. More than recovering the earlier losses, however, the market again sold off, getting close to the early low marks, with earlier buyers again unloading on the bulge.

Outside business was very light, but there was a little buying here against sales in Chicago. Export sales over the week-end were again very light, being confined to a few odd lots, while seaboard estimates of total sales at buying 250,000 bushels largely Manitoba.

In the cash market there was a little milling demand for top grades, but otherwise there was little activity. Offerings were small and spreads about unchanged.

Liverpool was extremely weak, closing at 3 1/2 to 3 3/4, lower, with a report of a poor foreign demand, while Germany increased her import duties against wheat from 87 cents to 1.20 per bushel with milling resistance permitting of only 10 per cent foreign wheat compared to 40 per cent recently.

The Canadian visible increased 1,681,000 and the U.S. visible increased 3,112,000 bushels. Country deliveries Saturday were only 1,925,000 bushels as against 3,192,000 a year ago.

During the last five minutes the market turned stronger, prices climbing rapidly as shorts ran to cover in sympathy with an upturn in Chicago. Winnipeg futures closed 1/4 to 1/4 higher, Liverpool cables due 1/2 up on Winnipeg.

Coarse grains: These markets held very firm throughout the day despite the weakness in wheat, and finally turned upward, following wheat. There is very little pressure on these markets, supplied as they are in good hands, while there is no neglecting worth mentioning. A very little rye was reported for export but otherwise the coarse grains were dull.

Flax continued dull and quite featureless, closing prices 2 cents lower.

Horoscope

TUESDAY, SEPT. 26, 1939

Adverse aspects are strong in to-day's planetary government, according to astrologers. It is well to be exceedingly cautious, especially in the morning hours.

Investments should be watched under this way when there is supposed to be

the frontier, and those who escape the guards were arrested by Swiss police. A meeting on German soil was broken up by German police, who used their sticks heavily.

New Ventilation System Is Being

Provided Chamber

A new ventilation system is being installed in the Legislative Chamber at the Parliament Buildings, under the direction of the Department of Public Works. Warmed fresh air will be circulated by a series of fans, large ducts delivering 8,400 feet of air to the ceiling behind ornamental grilles. The incoming air will be heated to a temperature of seventy degrees by being passed over steam coils.

The new ventilating installation is similar to that in hospitals, and is the latest system devised by heating engineers.

They will be more lucky in love than in trade.

Persons whose birthdate it is have the augury of a year of high endeavor and successful work. Ambitious projects may be planned and carried through.

Children born on this day probably will be intensely ambitious and inclined to pride. The subjects of this sign usually have keen minds and tremendous energy.

Samuel S. Cox, American statesman, was born on this day, 1824. Others who celebrated it as a birthday include Karl Begas, 1794, painter; Ebenezer Crosby, 1735, famous American physician.

It's Too Late to Breathe Life Into the Clinging Vine— The Species Is Extinct, and Even if It Could Be Revived the Modern Man Wouldn't Have It

A FAMOUS woman lawyer says that if she had a daughter she would bring her up to be a clinging vine.

Oh, no, she wouldn't. And for several good reasons. First, because there is no longer any such animal as the clinging-vine woman. The species is extinct, and you could no more develop a modern girl baby into one than you could into a megatherium or pterodactyl or any one of the prehistoric creatures that once roamed the earth.

How would you go about teaching a girl who can play eighteen holes of golf without turning a hair and who is begging her father for her own airplane, how to swoon at the sight of a mouse? How would a flapper who has seen it all, and heard all there is to tell, conjure up a blush? And of what avail would it be under her seven coats of tan and make-up? How would a girl who has played with boys and been educated with boys and worked side by side with them summon into her eyes a reverential, worshipping, awe-inspired expression as she looked at a MAN?

The thing can't be done. You can assemble the bones of the megatherium and pterodactyl and wire them together and so reproduce their skeletons, but you can't breathe the breath of life into them again. No more can you turn a modern girl into a mid-Victorian model by hanging lace ruffles on her and dropping her petticoats to her shins. She is not the real thing. She is merely a museum specimen. The spirit is lacking.

Whether women's progress has been backward or forward, time alone can tell, but one thing is certain. She has changed. She has changed. She has developed a backbone and the ability to stand on her own feet, and in doing this she has lost a lot of her adhesive qualities.

So I should say the girl of to-day is poor clinging-vine stuff. Moreover, about the last thing in the world that she aspires to be is a clinging vine. Helplessness is not her ideal. Dependence is not her goal. She demands her rights rather than her privileges.

You can see this in the modern young woman's attitude toward love and marriage. She is not a girl of to-day just as sentimental and romantic as her grandmother was, and she longs just as much for love and marriage and children and home as grandma did, but she wants them on a little fairer terms than grandmother accepted. She wants them on a fifty-fifty basis.

Grandmother, being a clinging vine, festooned herself about the nearest support that was handy because she had to have something to hang on to. She married almost the first man that asked her, because a girl had no way of making her own living and nothing interesting to do and no real object in life unless she had a husband and children, and so there was no career open to her except marriage.

And she humbly put up with any kind of treatment her husband accorded her because divorce was a disgrace and there was no means whereby she could feed and clothe herself and her children if she left her meal ticket. There is nothing more forlorn and pitiable than a clinging vine torn from its mooring and left bedraggled and helpless on the ground.

But the modern woman doesn't want to be a clinging-vine wife. She doesn't want to be a parasite upon her husband. No matter how much she loves him nor how generous he is to her, she hates being dependent upon him, and the fly in the amber of every business girl who gets married is that she has to give up her pay envelope. Nor is the modern woman content for her husband to treat her as a doll to be played with and dressed up, or a slave to serve him. Her ideal is palship, comradeship, perfect equality in every way.

Still another reason why the clinging-vine woman can never come back is because men will not have her. In the past the woman who was utterly helpless may have appealed to men's chivalry. Now she merely makes them very, very tired. In the past men may have been flattered by women who never had an idea or an opinion of their own and who appealed to them as if they were oracles to settle every question. Now they regard such women as Dumb Doras and are bored to tears by them.

Why, all of the old clinging-vine charms have gone into the discard and a man would no more get all wrought up over them than he would over a four-minute trotting horse when he is used to driving fifty miles in his automobile. Fancy a man falling in love with a girl because she was delicate and always reclined on a sofa! He would rail her sickly and pass her up. Fancy a man thinking it sweetly feminine for a girl not to know who is president, or who is making world records, or doing endurance tests, or anything that is in the papers! He would avoid the little nitwit as he would the plague.

No, any woman who gets by in these days has to look and act and talk like an adult human being and be able to play the game off her own bat. When a man holds her hand he wants to do it for fun and not because she has to have somebody lead her about.

Furthermore, the sturdy oaks don't propose to make themselves a prop for every wandering vine any more. They have seen too many trees that have been smothered to death under parasitic growths.

Brothers and sons and uncles and cousins see no reason why they should toil to support able-bodied female relatives, and they refuse to do it. For when women achieved financial independence they also set men free.

So, taking it by and large, it seems as if the clinging-vine type of woman had gone. And to stay. DOROTHY DIX.

DAILY HEALTH SERVICE

Science Tries New Methods to Humanize Capital Punishment

By DR. MORRIS FISHBEIN

Ever since capital punishment was adopted by organized society as punishment for the criminal, humanitarians have been greatly concerned with the type of materials used in bringing about death and in the mechanism by which death is brought about.

The monarchs of an earlier day condemned men to be quartered, bringing about death by fastening a horse to each of the subject's legs and tearing him apart. Other allegedly civilized groups caused death by having the man beheaded with sword or battle-axe.

Militaristic countries, and indeed, even modern armies, destroyed the condemned man by the bullets of a firing squad. The hangman's noose was reserved in medieval periods for criminals in disrepute, but in modern times is the legal method of destruction of men in many states and nations. In some states, death is brought about by the passage of electric current of considerable voltage through the body.

The most recent method of destruction of human life under legal conditions is the use of poison gases, popularized for wholesale destruction during the World War. Legal death under these methods has been studied carefully by scientists.

In death by hanging, strangulation is most frequently responsible, but in some instances the neck is broken by the fall and death comes from that cause.

In an experiment carried out recently in the state of Nevada a prisoner condemned to death was executed by hydrocyanic acid gas. At the time of the execution a study was made of the action of the heart and the lungs. The state health officer has just made available a record of those observations.

At 4:38 a.m. the heart action of the prisoner was strong and regular with 108 beats per minute. The gas began to generate at 4:37, and at 4:38 the pulse rate was 120, regular and strong. At 4:37, the prisoner gave indication that he smelled the gas taking a very small inspiration. At 4:38 he took a deep inspiration, turning his head toward the gas and giving a spasmodic cough. His head fell forward and he became unconscious.

Following this first deep inspiration there was a complete stopping of the heart action for 15 seconds. Then the heart began to beat again irregularly, continuing thus for 15 seconds, when it became regular and strong. For two minutes nothing further occurred until the heart became slower, beating 100 times a minute, then 80 times a minute, and finally after 10 minutes the heart beats were regular, but becoming weaker. After 11 minutes the prisoner's heart stopped. The breathing during the same period of time was convulsive and irregular and there was not the slightest doubt that the prisoner was completely unconscious after the first deep breath.

ARE EXTENDING COAL MARKET

Winnipeg, Sept. 29. — Manitoba bought 135,000 tons of Alberta and Saskatchewan coal in the period from June 15 to September 25 as the result of subventions granted last May to coal producers of the west. F. G. Neale, secretary of the Dominion Fuel Board, said here to-day. Mr. Neale arrived in Winnipeg yesterday for the purpose of holding conferences with coal distributors.

General Electric

3 Times
as Selective

SUPER-HETERODYNE has always been the ideal circuit, but General Electric has perfected it and embodied screen-grid tubes. This new and finer radio is 4 times as selective... and you can buy it at no higher cost than an ordinary radio!

Well-known Lightship Soon Will Be Scrapped

Old Umatilla Vessel Has Been Replaced By Modern Electrically Driven Vessel

Life Aboard a Lightship Is Interesting and Sometimes Thrilling, Says Engineer

The lightship that has ridden at anchor just around Cape Flattery, and which is well known to shipping men of Victoria and all local people who have traversed the Straits by water, has finished her long career her place taken by a more modern ship. No more will Victorians, on their way in or out of the Straits, see the old lightship bobbing up and down on the waves or riding long green rollers. They will see, however, a tri- new ship, which will continue to warn mariners of the dangerous shoals south of the Cape.

The old Umatilla Reef light vessel, or lightship No. 67 as she is known in the service, is now moored at the Lake Washington Canal locks in Seattle, waiting the scrap heap. This vessel was for more than thirty years, stationed off Umatilla Reef, fourteen miles south of Flattery, and never once during all these years, except for a trip to drydock, once in a while, did that ship move her position. She rode through storm after storm, and saw to it that passing ships were kept well out of the danger zone, which she stood guard.

The old Umatilla was built in 1897 in the yards of Wolf and Zwicker in Portland, Ore. With the exception of one year on the station off the mouth of the Columbia River, the Umatilla has guarded Umatilla Reef, lying four miles off the dangerous shoals and eight miles from the mainland. Capt. Eric Lindman, who commanded the Umatilla, now is master of the new lightship stationed off Swiftness Bank, but J. J. Neill, her chief engineer for eleven years, still stands by. He will turn the old Umatilla over to ship breakers as soon as she is sold by the United States government, or scrapping. Then he will be given another assignment.

"Two always is something to keep the officers and crew of a lightship busy," said Neill in Seattle the other day.

The steam lightship has her fires going all the time and is ready to go to sea any minute. She has sailors and firemen on watch twenty-four hours a day, and there is considerable work to be done about the ship. She carries a crew of sixteen men, a master, chief engineer, assistant engineer, wireless operator, four firemen, six sailors and a cook. The crew stands regular watches, as they would do aboard a ship steaming along on a course at sea. We get 120 days' shore leave a year, which is not so bad. The lightship tender visits us every five or six weeks, bringing supplies and fuel. And in recent years we have

had the radio and tune in on musical programmes originating in Denver, New York, Honolulu and other cities. We have so much music we get tired of it and turn the radio off.

"The wireless operator can copy press dispatches for us and tune in with the radio and find out what's going on. It's not such a bad life, after all."

Neill said that during the winter storms seas sweep completely over the light vessel and sometime the anchor carries away and they are compelled to steam to sea. When this occurs, shipping is immediately advised that the vessel is not guarded. Soon all the old lightships that have guarded the dangerous shoals of the Pacific for many years will be retired from service and replaced by Diesel-powered vessels, modern in every detail. The sea lanes must be made safe for shipping.

Winter Vacation Party Will Pass Through Victoria

A midwinter vacation cruise party, headed by Miss Bertha Farmer of Seattle will pass through Victoria on December 20 aboard the Canadian Pacific flag ship Empress of Japan, bound for the Hawaiian Islands. It was learned in Victoria this morning.

The party will come here from Seattle and will board the liner here on her arrival from Vancouver. Fifteen days will be spent in the Hawaiian Islands and the return trip will be made to San Francisco aboard the Golden Gate port January 14. Headquarters of the party in Honolulu will be at the Seaside Hotel. The cruise is open to the public and present indications are that there will be more than 100 members when the party embarks aboard the Japan here.

COAST SHIPS CHANGE TIMES OF DEPARTURE

Yesterday the winter schedule of the C.P.R. coast steamers on the triangle run went into effect, and on Wednesday a change will be made in the schedule of the Canadian National ships on the tri-city run.

The C.P.R. steamers now leave Victoria in the afternoon for Vancouver at 2 o'clock. Instead of 1:45 o'clock. Arrival from Vancouver is at 3 o'clock, and from Seattle at 1:15 o'clock. Departure for Seattle is made at 3:45 o'clock and arrival there at 8:30 o'clock.

The Canadian National schedule for the winter, which will go into effect on Wednesday, shows only one change, that of sailing from Victoria in the evening for Seattle. The steamer will depart from this port at 6:45 o'clock, instead of 7 o'clock. Arrival at Seattle will be made at the same time, 10:30 o'clock.

SS. OLYMPIC

Last of the season's ferry boats to remain in operation, will cease her 1931 labors to-morrow evening when she arrives here at 8:30 o'clock from Port Angeles. The Olympic has been operating this year between Victoria and Bellingham and Victoria and Port Angeles. It is the first year that a direct Victoria-Bellingham service has been in effect. It has proved so popular that the same service will probably be kept up next year.

SEA VETERAN HAS RETIRED

Capt. Griffiths, Who Brought Empress of Canada Here Last Year, Leaves Ranks

Captain John N. Griffiths, who brought R.M.S. Empress of Canada to this coast last year, has retired from service in Canadian Pacific Steamship Limited after having been forty-one years at sea. He is a veteran of sail and steam, and a man whose ability and personal charm won him thousands of friends on the Atlantic. He has "swallowed the anchor," and will now enjoy life, carrying out his ambition to "go gardening" in his native Llandilo, in Wales.

Captain Griffiths' last command was the liner Montclare, and he is succeeded in command of that vessel by Captain G. F. McCombie, from the company steamer Minnesota. TRAINED IN SAIL.

Griffiths came west from Plymouth, England, where he was born, and served on the coast of England for many years. He was a member of the Royal Naval Reserve, and was promoted to the rank of captain in 1904. He has been in command of the Empress of Canada for the last year, and has been very successful in his duties. He is a man of great energy and initiative, and has been very popular with the crew and passengers alike.

Griffiths' last command was the liner Montclare, and he is succeeded in command of that vessel by Captain G. F. McCombie, from the company steamer Minnesota. TRAINED IN SAIL.
